LEADS CRESTLINE PARADE. Gov. C. William O'Neill, complete with a fire chief's hat, waved to thousands of onlookers Wednesday afternoon as he led a parade through Crestline during the 84th annual convention of the Northwest Ohio Volunteer Firemen's Association. The governor spoke briefly at the fire fighters' business meeting earlier in the day. Some 700 firemen representing nearly 200 of the association's 280 departments attended the convention. U.N. Jolted By Purge of Hungarians

Executions Directed By Moscow Prompt Requests for Meeting

UNITED NATIONS (AP)—The U. N. Special Committee on Hungary will meet Friday to consider the situation arising out of the executions of former Premier Imre Nagy and others who held power in the 1956 uprising.

One possibility is a new condemnation of both the Soviet Union and the Soviet-dominated Hungarian regime of Janos Kadar.

Chairman Calls Session

Acting under growing pressure from the United States and other countries, E. Ronald Walker of Australia, acting chairman of the five-member committee, disclosed today he had called a meeting of the group for Friday morning.

Walker told newsmen Wednesday night he had received several requests for a meeting and that one would be arranged as soon as practicable.

There was some talk that an emergency meeting of the 81-nation General Assembly might be called later to act on the report which the Special Committee will draft.

Composed of members from Denmark, Ceylon, Tunisia, Australia and Uruguay, the committee was established by the General Assembly in 1957. It found the Soviet Union guilty of "massive repression" in putting down the 1956 revolt in Hungary.

Executions Cause Meeting

The execution of Nagy and his associates brought immediate suggestions for a resumption of its inquiry.

Another suggestion was for a public meeting to dramatize U.N. concern. Previous meetings generally have been held in private.

The United States has attempted to focus attention on Soviet tactics during the revolt whenever possible, and the U. S. delegation began pressing for a committee meeting soon after the executions were announced by Moscow this week.

Dag Brings Hope for End To Violence

Uneasy Truce Reigns In Capital as Rebels Agree to Negotiations

BEIRUT, Lebanon (AP) —U.N. Secretary General Dag Hammerskjold arrived in Beirut today, bringing a glimmer of hope that he might end Lebanon's rebellion.

The international diplomat flew in at dawn from London and New York. His reputation in the Middle East for mediating ticklish quarrels gave Lebanese some hope he might succeed where others failed.

4 Days of Violence

The crisis-ridden country has endured 41 days of fighting, bombing, shootings and strikes in an effort by opposition political factions to overthrow pro-Western President Camille Chamoun. The people are thoroughly fed up and are looking for any solution that will end the trouble.

Rebel leaders have promised a truce while Hammarskjold is here. A furious battle raged in Beirut Wednesday, but government forces finally beat back the rebels and restored an uneasy quiet.

Talks With Team

After a brief rest at his hotel, Hammarskjold began talks with Norwegian Maj. Gen. Odd Bull, former President Galo Plaza Lasvuof Ecuador and former Indian Ambassador to the U.N. Rejeswar Dayal — the three leaders of the U.N. observation team ordered by the Security Council to watch out for any aid to the rebels from the neighboring United Arab Republic.

As usual, Hammarskjold refused to comment to newsmen on his plans. There was speculation he might, after conferring with the Lebanese, go on to Cairo to talk with U.A.R. President Nasser.

Observers Check Border

Some 50 unarmed observers already are here to check Lebanon's 150-mile border with the Syrian province of the U.A.R. The Lebanese government feels, however, that observation is not enough.

It decided Tuesday to ask Hammarskjold for a sizable body of troops similar to the U.N. Emergency Force which separates Israeli and Egyptian soldiers along their border.

Military experts here estimate that 5,000 troops would be needed to seal the rugged mountain border.

U.S.-Soviet Policy Under Reappraisal

Ike, Dulles Studying Position on Talks as Relations Deteriorate

WASHINGTON (AP) — President Eisenhower and Secretary of State Dulles have started a new appraisal of U. S.-Soviet relations.

They seek to determine whether current negotiations over such issues as a summit conference offer any real hope of producing agreements.

Both men appear convinced that Soviet Premier Nikita Khrushchev is following much tougher policies, but they are not sure why.

More Facts Needed

State Department experts looking for an answer admittedly do not have all the necessary facts. For example, they are not sure why Soviet ambassadors from the United States and other key Western countries were called back to Moscow this week for urgent consultation.

One speculation is that Khrushchev may be planning some new maneuver in foreign affairs with respect to a summit conference or possibly Soviet trade with the Western industrial countries. Eisenhower told a news conference Wednesday he was unable to say whether it would be worth while to continue his long and voluminous exchange of letters with Khrushchev in the light of such incidents as the execution of former Premier Imre Nagy of Hungary.

Following Terrorist Policy

He said that the execution of Nagy, who was premier at the time of the Hungarian revolt against Soviet communism in late 1956, showed that the Soviets are following "policies of terror and intimidation . . . to bring about complete subservience to their will."

Firemen Hold Big Crestline Parade

By WILLIAM VANCE
Marion Star Staff Writer

CRESTLINE — Visiting firemen turned this normally quiet community into a carnival town Wednesday afternoon with a colorful two-hour parade climaxing the 84th annual convention of the Northwest Ohio Volunteer Firemen's Association.

Gov. C. William O'Neill, who spoke earlier in the day at the firemen's business meeting, cheerfully donned a fire chief's hat and led the huge procession through the heart of the business district.

—:—

SOME 700 firemen representing nearly 200 of the associations' 280 departments attended the convention.

The parade, believed to be one of the largest in Crestline's history, offered something for almost everyone.

Antique vehicle enthusiasts saw just about every ancient fire truck in northwestern Ohio that still possessed a whisper of power chug down Thoman and Seltzer streets during the celebration. They were in sharp contrast with some of today's most modern fire equipment which also joined the parade.

—:—

ANYONE WHOSE pulse is quickened by band music had more than sufficient reason for excitement as some 30 bands representing high schools, veterans organizations and independent groups marched by.

Everybody likes a pretty girl, and most of the strutting majorettes fell into that category.

Virtually the whole town and many residents from nearby communities lined the streets to watch the gala procession. Curbside standing room was at a premium.

At their noon meeting, the firemen chose Port Clinton as the site for next year's convention which will be held on a Saturday instead of Wednesday. They also elected Morris Instone, chief of the Bowling Green department, as president.

Other officers elected by the fire fighters are Lyman R. Myers of Edgerton, vice president; Earl Campbell of Napoleon, re-elected secretary, and Frank Ottney of Gibsonburg, re-elected treasurer.

During his brief talk, Gov. O'Neill praised the volunteer fire fighters for the service they render throughout the state.

Commenting on employment, Gov. O'Neill said enough Ohio industries have experienced gains during the last eight weeks to considerably brighten the picture. Unemployment, he said, gradually is decreasing.

The governor also told the firemen he was encouraged about national defense during a recent

House Studies Final Foreign Aid Proposals

WASHINGTON (AP) — A compromise $3,675,400,000 foreign aid program is ready for final congressional action.

Chairman Thomas E. Morgan (D-Pa) of the House Foreign Affairs Committee said today he will call up the authorization bill for a vote early next week. Passage there, and by the Senate later, would clear the way for action on a separate money bill to finance the spending for which the authorization bill sets terms and ceilings.

The program recommended Wednesday by Senate and House conferees is 266½ million dollars below President Eisenhower's request for military and economic help to friendly nations in the fiscal year starting bill still in House committee.

Before finishing work on the authorization measure, the conferees dropped a Senate amendment aimed at halting use of nonmilitary aid funds for purchase abroad of Japanese textiles and other commodities in competition with American business.

The bill provides $1,605,000,000 for military assistance (planes and other hardware) to allies, for which Eisenhower sought $1,800,000,000.

Court Upsets Security Risk Firings of Six

WASHINGTON (AP)—The U.S. Court of Appeals ruled today that six civilian employes of the Army Signal Corps center at Ft. Monmouth, N.J., fired as security risks in 1954, are entitled to get their jobs back.

The unanimous decision of a three-judge panel said the Army failed to follow its own regulations in the manner in which the six were notified of their discharge.

Judge George T. Washington said the regulation required that the six be given the findings of the security hearing board.

But, Washington said, they merely were told that their continued employment would not be clearly consistent with the interests of national security and that their discharge was deemed necessary and advisable in the interest of national security.

The six, who won reinstatement and back pay estimated at about $180,000, were fired after sensational hearings into alleged subversive activities at the signal center. The inquiry was conducted by the late Sen. Joseph McCarthy (R-Wis).

Twenty-five employes were suspended Of these 17 were reinstated by the Army. The others eventually were dismissed, but all now have won reinstatement.

Trujillo Asks To Pull Out of U.S. Aid Pacts

Dominican Republic Rubber Stamp Senate Acts Against Criticism

CIUDAD TRUJILLO, Dominican Republic (AP)—Stung by criticism in the American Congress of young Rafael Trujillo's playboy habits, the Dominican Congress has asked the government to pull out of all U. S. aid agreements.

Under one of the pacts the United States maintains a station in the Caribbean republic to track its guided missiles.

The Dominican Congress, a rubber stamp for Dictator-Generalissimo Rafael Trujillo Sr., made no mention of the fancy presents Lt. Gen. Trujillo Jr. gave to movie actresses Zsa Zsa Gabor and Kim Novak.

Backs President Reluctantly

GOP Bows to Ike In Adams Decision

WASHINGTON (AP) —Congressional Republicans bowed today to President Eisenhower's decision to keep Sherman Adams on the job. But many GOP members made it plain they aren't happy about it.

Republican state chairmen split over the question of Eisenhower's top aide. Some still insisted he should get out. Others supported Eisenhower's backing him. Many declined comment, but could agree with one of their number Ray Bliss of Ohio, who said "I'm certain I'd rather it hadn't happened."

In New York, Democratic National Chairman Paul M. Butler left no doubt the Democrats will make a major political issue out of Adams' dealings with industrialist Bernard Goldfine of Boston. As to Eisenhower's insistence on keeping Adams as his chief assistant, Butler added:

"The President's own conduct makes him as morally responsible for this improper conduct as Mr. Adams is himself."

Adams has testified he accepted gifts and favors from Goldfine, a family friend, and also contacted two federal agencies studying complaints against Goldfine's companies. But he said there was no connection and he had no intent to win favored treatment for Goldfine.

Eisenhower agreed with Adams' concession that he could have "acted a little more prudently," but said he admired and respected his chief aide for ability and integrity.

"I need him," Eisenhower added.

The consensus among the politicians here appeared to be that Eisenhower hadn't changed the situation much — except for one aspect:

The President made it impossible for Republican candidates for the House and Senate to disavow Adams and still ride the coattails of a president most of

1,400 Out on Strike

CINCINNATI (AP)—A group of about 1,400 Steelworkers went on strike at Baldwin Piano Co. Wednesday night in what a spokesman said was a protest against working without a contract. A company spokesman said the firm declined to extend the old contract which expired May 25, but did offer to extend present benefits during negotiations for a new agreement.

Khrushchev May Be in Trouble

Moscow Developments Hint New Power Fight

By THOMAS P. WHITNEY
AP Foreign News Analyst

The Kremlin has shifted to a tough line, and Nikita Khrushchev is apparently having a hard time with his enemies in the Soviet Communist party.

These two developments are related. American foreign policy toward a summit meeting may have contributed to both, wittingly or unwittingly.

It is likely that Red China's influence is also playing a role.

Gang Up on Khrushchev

Seemingly well-founded reports say that the anti-Khrushchev forces may have ganged up in a determined effort to clip the Russian chief's wings at the meeting of the Soviet Communist party's Central Committee now under way in Moscow.

Since Stalin died in 1953 there has been a succession of crises of Soviet political leadership, each closely connected with internal and foreign policies. Out of each of them Khrushchev has emerged with increased power.

Suslov Likely Leader

But these successes have not destroyed opposition. In fact there are indications it may be increasing.

One likely leader of anti-Khrushchev forces is the Central Committee secretary, Mikhail Suslov, a dogmatic Stalinist. Apparently Khrushchev has recently been moving in on Suslov—demoting him from some of his established functions and preparing for the kill.

Khrushchev is a ruthless oppor-

Over 600 Enrolled

Summer Kindergarten To Begin Here Monday

More than 600 youngsters will answer the call of school bells Monday morning when the second annual summer kindergarten program gets under way in the city's 10 elementary schools at 8:45 a.m.

Supt. Robert S. Brown said today that registrations still will be taken on the opening morning of the eight-week program.

To register, parents are urged to report with youngsters to the principal's office in the elementary building of the particular district in which the child resides.

Although classes will begin Monday, the Safety Town phase of the program, sponsored jointly by the Marion Rotary Club and the Board of Education, will not start operations until Tuesday. Gordon Larson, Harding football coach, will direct Safety Town.

Since registrations for the eight-week kindergarten program are nearly 100 higher than last year, Safety Town instruction is being offered each classroom group only six days, rather than seven.

Mr. Larson released this schedule for the Safety Town program this morning: June 24-July 1, classes at N. Main St. and Oak St.; July 2-10, classes at Glenwood and classes of Mrs. Helen Evans and Mrs. Dorothy Galladay from Oakland.

July 11-18, Mrs. Mary Ann Stolarczyk's class at Oakland, Miss Nellie Myers group at Pearl St. and Olney Ave. classes; July 21-28, Silver St. groups and Mrs. Chloe Gatchell and Miss Margaret Topliff's students at Pearl St.; July 29-Aug. 5, Mark St. groups, and Aug. 6-15, George Washington

Showers Possible In Marion Tonight

More rain is in the offing for Marion County.

That was the word from the weatherman this morning. He predicted the "possibility" of showers and thunderstorms both tonight and Friday.

The mercury climbed to 73 Wednesday, slipped to an overnight low of 54, and was back to 70 at noon today, en route to a day's anticipated high of 78. A low of 61 is foreseen tonight, with a peak reading of 76 in the outlook for Friday.

Communist Tie Probed

TV Show Director Fired For Refusing To Testify

NEW YORK (AP) — The director of the televised quiz show "Twenty-one" was out of a job today. He was fired after refusing to tell the House Un-American Activities Committee whether he has a past Communist record.

The director, Charles S. Dubin, was questioned Wednesday as the committee opened public hearings into communism in show business. Nine persons in the industry were questioned.

A publicist for Broadway hit plays refused to tell the committee whether he had been a member of the Communist party as recently as two days ago.

The publicity man, James D. Proctor, said, however, he was not now a party member. He described himself as press representative for the 1958 Pulitzer prize-winning play, "Look Homeward, Angel."

Another questioned was Arthur Lief, American guest conductor of the Moiseyev Russian ballet, now touring this country and playing to packed houses. Lief refused to say if he is presently a Communist party member.

Dubin told the committee he is not now a member of the party, but said he would invoke the Fifth Amendment if asked about past associations.

The National Broadcasting Co. immediately barred Dubin from its facilities. The producers of the quiz show, Jack Barry and Dan Enright, followed suit by firing Dubin.

NBC said "persons who refuse

Council Suggests Eight Safety Practices in Power Mower Use

The increasing popularity of power lawn mowers also is increasing the danger of accidental injury resulting from their careless use.

So warns the National Safety Council in an appeal for greater care in the use of power mowers.

The council reports that a study made in Georgia showed that: one injury in seven results in some permanent disability; toes and feet are injured most often; seven in ten of those injured came in direct contact with the mower and the other three were injured by objects thrown by the mower blades.

Some of the injuries are serious enough to result in death. A Florida woman was struck and killed by a broken blade that traveled 50 feet through the air. A small girl's jugular vein was severed by a piece of metal hurled by the blades of another mower.

With careful and safe use, mowers are no more dangerous than any other gadget around the yard, the council says. For safe operation, the council suggests:

1. Mow only during daylight hours unless adequately strong artificial light is available.

2. Do not use an electric mower on wet, slippery grass.

3. Keep children and pets away from the mower and never allow a small child to operate one.

4 Be sure of your footing and balance before attempting to start the engine and when mowing on hills or banks cut sideways, not up and down.

5. Do not refuel the mower while it is still hot or is sull running.

6. Shut off the mower before moving it from one level or another and never attempt to work on it or tip it up when it is running. Do not under any circumstances go away and leave a mower unattended while it is running.

7. Make sure the area to be mowed is free of sticks, stones, wire or other obstacles.

8. Know how to disengage the clutch and stop the engine quickly.

Lake Central Airlines Presented Safety Award

The National Safety Council has presented Lake Central Airlines an award of merit for its excellent safety record in 1957.

Lake Central flew more than 25,000,000 passenger miles in 1957, which brings its total to approximately 100,000,000 passenger miles without a crew or passenger fatality.

Lake Central has not had a crew or passenger fatality in the nine-year history of the company and has received a safety award every year since its certification in 1949.

Governor, Legislators Set Up Buckeye Boys State Program

CAMP PERRY, Ohio (AP) — Legislators and state officials today began the task of hammering out a program for Buckeye Boys' State after hearing Gov. Robert S. Thompson's message to a joint session of the General Assembly.

The governor, who hails from Warren, told the lawmakers Wednesday his first concern was toi enable the state to pay highway patrolmen. That item is not on the regular state budget. Thompson also sought passage of a bill prohibiting anyone under 16 from riding a motor scooter or motorcycle.

The Federalist governor was faced with a minority in the House of Representatives where there are 48 Nationalists and only 32 Federalists.

Following election returns, the legislators picked Michael Vosler of Piqua as House speaker and Will Hodge of Springfield as majority leader. Dennis Casper, Cincinnati, is the whip.

Highway Director Kenneth Bordner of Massillon told of plans for a main North-South road. It is to be called "Femininity Drive." He called upon all cities and counties to maintain suitable access roads.

To handle the heavy traffic along the route, Col. Joe Frenzel of New Philadelphia, highway patrol chief, set up a central office and four district stations. Top officers include Lts. Daryll Wartluit of Paris, Robert Hinebaugh of Williamstown and Fred Aufdencamp of Fostoria.

From the office of Secretary of State Richard Bell of Shaker Heights came a news release reporting his aides had received 13 applications in a single day for corporations and partnerships.

Will Receive Medal

CLEVELAND (AP)—The Treasury Department's silver lifesaving medal will be awarded Friday aboard the icebreaker Mackinaw to John E. Andrews, a Coast Guard enginemen second class from Youngstown. Andrews, 21, crawled over ice on Lake Erie near Erie Pa. in February, 1957, to rescue Merle Schuster, Erie fisherman who had fallen through.

50-Year Masonic Award Presented To Bucyrus Man

BUCYRUS—A 50-year past master's emblem was presented to Alvin Eichman, who was master of the Masonic Lodge here in 1908, by Charles K. Cunningham of Galion at Tuesday night's lodge meeting. Mr. Cunningham is senior grand warden of the Grand Lodge of Ohio.

One of the highlights of Mr. Eichman's term as lodge master was the cornerstone laying with Masonic ceremony, at the remodeled courthouse in August, 1908. Mr. Eichman also was instrumental in establishing a fund to build a Masonic Temple.

Mr. Eichman served as master of the Council of Royal and Select Masters in 1912 and advanced to the second office in the chapter of Royal Arch Masons before moving to California. On his return to Bucyrus a number of years ago, he served as president of the Masonic Temple Co. and helped raise funds needed to purchase theater seats and a new carpet for the lodge room.

Now 79, Mr. Eichman is still active in Masonry and in the Bucyrus Soldiers' and Sailors' Memorial Society. He is a Spanish American War veteran and was city treasurer here during the administration of Mayor Charles F. Picking in the early 1920's.

Of his 15 candidates for membership while he was lodge master, only three survive. They are H. E. Cook, former chairman of the Federal Deposit Insurance Corp. and now living in Kansas City, Mo., Luther Leonard of Culver City, Calif., and George H. Smith of Columbus.

New Crawford Pastor To Give First Sermon

BUCYRUS—The Rev. Marvin G. Wulff of Warrenton, Mo., will preach his first sermon in the United Churches of Christ at Whetstone and Sulphur Springs, Sunday morning.

The Rev. Wulff was ordained last Sunday in his home town church after graduating from Eden Theological Seminary in St. Louis, June 6. In 1952, he entered Central College at Fayette, Mo., and received his bachelor of arts degree from Elmhurst College at Elmhurst, Ill., in 1955.

Following his ordination he accepted the call to the pastorates of the two Crawford County rural churches. For the last year, he served as student supply pastor on the Bland Charge at Bland, Mo.

Favorable Sewer Vote Indicated

From the standpoint of its effect on this city's long-range growth potential, City Council's vote next Monday night on the southeast suburban sewer legislation will be the most important of the current term.

Council will face the decision of whether to override Mayor Wendell L. Strong's veto of four pieces of sewer legislation which, if approved, will put the whole southeast sewer project in motion.

The legislation originally was passed unanimously by council. We are confident the vote will be favorable again — by a heavy majority.

Nothing has occurred which in any way would indicate the decision should be reconsidered, except for the mayor's veto.

As to the mayor's action, it is our opinion that he does not even yet realize the gravity of his error in vetoing the southeast sewer legislation.

One of the biggest reasons for having a sewer survey made in the first place is all wrapped up in the southeast suburban project.

This was a need for extension of sewers into suburban areas to facilitate housing development that in turn would assist in the attraction of new industry to Marion. The end result would be growth for the city and the county.

Regardless of any differences of opinion over details, this whole expansion objective hinges on the legislation which the mayor has vetoed and which council will vote on again Monday night.

In addition, there is a strong and informed body of opinion that believes sincerely that the future of the entire Marion sewer program, in and out of the city, rests with a favorable vote Monday night.

What started out some months ago as an effort to accommodate a specific need of developers in the southeast suburban area now seems to hold the answer for sewer improvement in all sections — both from the standpoint of financial support and the efficient operation of the sewerage system.

Fortunately for the city and the county, council clearly understands the situation and will cast a vote for progress Monday night.

It Will Show in the Record

In the closing moments of the legislative steamrollering that gave more than a million classified federal employes 10 per cent pay raises retroactive to last January, a handful of dissenters spoke up.

Their opposition was futile, as they knew it would be. They were not permitted to show it by vote, because no voting was permitted. But led by Sen. Lausche of Ohio, they made sure the Congressional Record would show how they felt.

Sen. Lausche said he objected to the size of the increase and particularly to the provision that it be made retroactive to the first of the year. "We have a 280-billion-dollar national debt," he said. "We shall have a three-billion-dollar deficit in 1958. If we keep moving in the direction we have been moving, there will be a 10-billion-dollar deficit in 1969. . . Inflation is one of the menaces facing our country. I do not think Congress should, by example, give word to labor leaders and to industrialists: 'Keep pumping up your prices. The public will pay.' "

Sen. Lausche was backed by Sens. Curtis of Nebraska, Williams of Delaware and Byrd of Virginia. Sen. Williams was particularly plain-spoken. Referring to more than a half-billion dollars due this summer in retroactive payments under the bill being discussed and other pay-raise bills, he said:

"Not only does the federal government not have the money, but it cannot borrow the money until an increase in the ceiling for the national debt has been provided. I think it is time Congress should wake up to the fact that the American taxpayers are paying about all they can afford to pay."

This newspaper has been raked over the coals for questioning the judgment of Congress in voting pay raises for federal employes this year. The latest criticism is included in a letter, published today, from the president of the American Federation of Government Employes.

It is reassuring to learn that just before the big spending steamroller flattened the public purse again, a few dissenters got up on their hind legs to defend the taxpayers whose role seems increasingly to be to keep it filled so legislative "liberals" can be "liberal" with other people's money.

88 Senate Votes for Clean Unions

When a handful of senators called attention early in May to the fact no labor reform bill was in the works, although the Japanese cherry blossoms were out in Washington, they issued this warning:

The Democratic strategy might be to stall on this important subject until it was too late to take action on it.

The apprehensive senators were half right. The Democratic strategy was to stall, but not in the Senate. There was to be a labor reform bill, and it was to be pushed through the Senate with the utmost dispatch. But the subject was to die of neglect in the House of Representatives, also controlled by Democrats.

That has happened. Eighty-eight senators have voted for clean unions, thereby putting themselves in line with virtue. One senator voted against the bill, for reasons that have not been revealed but not because he was in favor of bad unions. No senator is in favor of bad unions, only good unions.

The effect of the vote is to neutralize the issue of union corruption as far as the senators running in the 1958 congressional elections are concerned and to make it almost certain the issue will not be allowed to become troublesome in the House, because time is running out.

There will be no labor reform law this year. There will be no labor reform bill ever, unless a political issue can be made of whether there should be a labor reform bill.

This would not be patty-cake reform dictated by the same union lobbyists who largely decided what was to go into the bill passed by the Senate. It would be the kind of reform that kept the trusts and monopolies from running things to suit themselves at the turn of the century. I might even bet the kind of reform that cleaned up unions in England, where tax-exemption is determined by a union's willingness to meet government requirements and unions must retain their good standing in order to stay in business.

More frightening even than that, it might be the kind of reform that would be dictated by an angry public opinion in a mood to throw out the rascals running the government.

That would be, in the case of the 85th Congress and very likely in the case of the next Congress, too, the Democratic party, which now has majorities in both the Senate and House and is confident of being able to increase them in the 1958 elections.

June Is for Roses

There have been days this month that looked like June but felt like April. There have been days that both looked and felt like April. But there have been few days that looked and felt like June.

This has cooled and dampened human enthusiasm for the most wonderful month of the year. But it has had no effect on the wonderful things that June is famous for, especially the roses.

They are beautiful. They always are. So are the snowball bushes, the irises that now have passed their prime and the endless expanses of green turf. Not to forget the fresh little tails of new growth on evergreens, the glossy new leaves on the oaks and the peonies, which seem to be larger than ordinary this year.

But especially the roses . . .

Could it be that nature intended June to be for the things that grow in the earth and that when humans are not satisfied with it they are criticizing the arrangements for a party to which they were not invited? June, after all, never was famous for people. That was March.

The Once Over

By H. I. Phillips

Now for the "moon baby!" Scientists say it is possible for husband and wife to live on spaceship several years have a child and live happily.

A baby born up around the moon will get what all other babies get, except diaper service, baby-sitters and a load of admiring relatives disturbing his sleep.

But here's the big question: when mother is washing the clothes, baby has crawled into the tail of the spaceship and father is doing the searching, "who minds the store?"

LUCKILY THERE CAN be no visitors. This stymies any discussion whether Snookums looks more like dad, more like mother or more like the moon.

Dr. Donald Conover says in 30 to 50 years people may find space more attractive than the earth, as science will have removed all dangers and provided comforts of home. Mother and dad can get away from all worries over parking meters, supermarket congestions, and magazine agents working their way through college.

No fights over bills for new clothes, whom to ask to cocktail parties or who goes downstairs in the night to investigate strange noise.

A woman will never have to worry over whether she left a pantry window open. And a husband should at last be safe from that age-old demand, "Where have you been? Out with that other woman?"

OF COURSE there will be some problems raising moon-baby. It will seem funny to be told, "Get up and walk the kid," when you're up around the North Star. What do you do if baby drops his rattle out of the spaceship or swallows a penny somewhere between the Big Dipper and Venus?

And how strong must pop and mom be when they get offers from earth to appear on TV as parents of the first child born on a spaceship?

What should they do when movie agents and circus people try to sign the moppet up for life as the original moon child?

LONG ISLAND WOMAN says there is something about a swimming pool on your grounds that makes good neighbors unbearable and at times an ordeal. There's something in the charge. When you build a pool, you get a lot of special outdoor furniture. This leads to a shower, bathhouses and cabanas.

Then it's but a step to the cocktail bar. Now follows the urge to have everybody over. Everybody is more than willing but the neighborhood Hatfield-McCoy feuds result from omissions.

Blind Justices

By David Lawrence

Five members of the Supreme Court of the United States have shut their eyes to the "cold war." In effect, they say there are no American troops stationed in Western Europe today, there are no American troops now guarding the armistice line every day in Korea and there are no conditions of emergency existent in the world at present. Hence Communists and Communist sympathizers resident in this country are entitled to passports with the seal of the government of the United States on them and are free to flaunt such a passport anywhere in the world!

Lawrence

Four members of the Supreme Court, on the other hand, say that "were this a time of peace, there might very well be no problem for us to decide, since petitioners then would not need a passport to leave the country."

The five justices who think it is very important for an individual to travel where he pleases and do what he wishes abroad to denounce his own government and its policies are Justice Douglas, Black, Brennan, Frankfurter and Chief Justice Warren.

"Travel abroad, like travel within the country," says the majority opinion, "may be necessary for a livelihood. It may be as close to the heart of the individual as the choice of what he eats or wears or reads. Freedom of movement is basic in our scheme of values."

BUT THE DISSENTING justices —Clark, Whittaker, Burton and Harlan—think that freedom to travel must be limited by the government that issues the passport and that in wartime or national emergency there is a risk that an individual traveling abroad may give aid and comfort to the enemy.

The five justices in the majority opinion declare that the Supreme Court in the past had decided that the movement of citizens could, of course, be restricted in wartime but that this was true only on a showing of "the gravest imminent danger to the public safety."

Who is the better judge of when the public safety is endangered? Five justices cloistered in the chambers of a court who seem to have become blind to the Communist menace and the infiltration or subversion practiced by agents of Communist imperialism in every country in the world or the Department of State which has available up-to-the-minute information from everywhere as to the dangers to the safety of the American people?

THE MAJORITY of the justices flatly say that no condition of emergency exists at present but the dissenting justices point out that the proclamation issued by President Truman in 1950 declaring an emergency is still in effect. His formal statement said that "world conquest by Communist imperialism is the goal of the forces of aggression that have been loosed upon the world" and that "the increasing menace of the forces of Communist aggression requires that the national defense of the United States be strengthened as speedily as possible."

The four dissenting justices sum it up in these words:

"In a wholly realistic sense there is no peace today and there was no peace in 1952." This was the date when Congress and the President took action both believed was adequate to control the issuance of passports.

THIS COUNTRY has no right of surveillance abroad such as the FBI can exercise at home. The moment a passport is granted, a Communist sympathizer can have access to places abroad where it might be undesirable for the United States to have him go—as, for instance, to plot with or get instructions from agents of a foreign espionage apparatus.

The majority of the justices concede that Congress could pass a law specifically withholding passports under conditions arising out of war but not clearly defined as yet.

Chairman Walter of the House Commmittee on Un-American Activities is already planning to introduce such a measure. There are, however, hints in the majority opinion that almost any measure to control the issuance of passports in "peacetime" may be struck down by the court.

Thus have the majority of the Supreme Court again thwarted the international policies of the United States government in fighting Communism.

They have said, in effect, that Americans who go to Soviet Russia and make speeches there denouncing the United States cannot have their passports withdrawn. For all this apparently is part of "freedom of belief" and "freedom of association."

This is in line with previous decisions of the present Supreme Court, which has already upheld the right to preach treason as more important than the rights of millions of other Americans to be protected against the effects of treasonable activity inside and outside the United States.

Letters to The Star

Raps Editorial on Federal Pay Raise

To The Star: "In a more sensible era," you write in your editorial of June 5, "no government would have dreamed of boosting its employes' pay while its taxpayers were grunting through a business slowdown."

If federal employes had received pay adjustments comparable to those in private industry in years past, I could concede some logic in your arguments. And if your newspaper had advocated pay raises for government employes in more prosperous years, I could credit you with consistency.

Neither, unfortunately, has been the case. Like most public employes, the federal white collar worker and professional has fallen far behind the level of private industry since 1939. Even with the present 10 per cent raise, the majority of government employes do not have the purchasing power of employes in their same grade and job before the wartime and postwar inflation.

This is the second pay raise classified pos al employes have received since 1951. The cost of living has gone up some six per cent in the past two years. When, may I ask, can employes expect a salary adjustment?

Last year, a pay raise was vetoed by the President on the grounds it would be inflationary. This year, you say, we are in a recession and that this is no time to raise salaries. If the economy were on an even keel, I suppose the argument would be this is no time to rock the boat.

Some 60 per cent of all classified employes receive take-home pay of less than $60 a week.

IN THE HIGHER grades, both the administration and independent groups such as the Cordiner Committee have pointed with alarm to the fact that government salaries have fallen so far behind private industry that the government is losing some of its most able career employes and is finding it difficult to attract its fair share of fully competent replacements. Lowering the quality of the career civil service can be even more costly than a pay raise.

Federal employes, through their on-the-job suggestions, have saved the taxpayers millions of dollars each year. We, too, are taxpayers. In fact, about 20 per cent of our pay raise will be a paper transaction, going back to the government as taxes. The remainder will be spent in the stores and shops in the communities where government employes live and work.

In a more sensible era, I might add, a more frequent adjustment of the pay of government employes might have made it possible to avoid a big increase in a single year—an increase which is fully justified because of the long wait between pay adjustments.

How Much Friendship?

By James Marlow

WASHINGTON

Just how much friendship was involved—in Sherman Adams' free-loading at the expense of Boston millionaire Bernard Goldfine—should come to light in Goldfine's income tax returns.

Adams, President Eisenhower's right-hand man, calls Goldfine, a textile manufacturer, an old-time family friend. But a key question is this:

When Goldfine paid the more than $2,000 in hotel bills which Adams charged to him, did he do it as a friend or did he deduct the money from his income tax as a business expense?

ADAMS—IN THE picture emerging from a House subcommittee's inquiry into the Adams-Goldfine relationship—does not appear as a fast man with a buck.

A subcommittee investigator reported that Adams, while staying in Goldfine's hotel suite at Goldfine's expense, not only charged to Goldfine one dollar for a bowl of ice but a 25-cent tip for the bellboy who brought it.

Adams told the subcommittee this week that Goldfine had invited him to use without cost hotel suites in Boston, New York and Plymouth, Mass. and Adams did.

Friend or not, Goldfine in turn used Adams—who cooperated in being used—to obtain from the Federal Trade Commission information which the subcommittee counsel says should not, by FTC rule and by federal law, be revealed.

WHEN GOLDFINE got in trouble with the FTC—for allegedly mis-labeling a fabric—instead of going to the agency to find out what it was all about he went to Adams and asked him.

Adams asked the FTC for information, got it, and turned it over to Goldfine. Subcommittee counsel Robert Lishman says FTC rules and law forbid giving out this information. It contained the name of the company complaining against Goldfine.

Goldfine is supposed to be called before the subcommittee. Lishman then will be in a position to ask him whether he deducted Adams' hotel bills as a business expense.

THE INTERNAL REVENUE Service will not reveal this kind of information to newsmen. Sometimes this information is given to a Congressional committee, but only with presidential consent.

At his news conference Wednesday Eisenhower was asked if he would order the Internal Revenue Service to release the Goldfine income tax returns. He avoided a direct answer.

Adams denied he knew he was violating either an FTC rule or federal law in giving the FTC information to Goldfine. He pleaded inexperience, although he's the one Eisenhower depends on most in running the government.

EISENHOWER LET it be known Wednesday he would not fire Adams. He said his No. 1 assistant might be imprudent but he was honest and besides, Eisenhower said, "I need him."

It's still questionable how long Adams will stay. Republicans running for re-election to Congress this year will have the Adams-Goldfine case wrapped around their necks by the Democrats. They're not happy at the prospect.

Goldfine appears to be a man who not only does a lot of talking but brags about his relationship with public officials and the gifts he gives them. It remains to be seen what the subcommittee gets out of him.

Sophia Loren

By Hal Boyle

NEW YORK

Many life-long scholars of the great American frozen female face have thought it could be improved. Their varying approach to the problem probably measures their age and optimism.

HAL BOYLE

Being older and perhaps therefore more cynical, I leaned to the theory that it was better to get along with life than fight it—and I came to accept the great American frozen female face as inevitable.

I came to feel it was natural to shake womanhood by her lifted nose rather than her withheld hand.

American girls!

THEN I MET Sophia Loren. A living bonfire. A tawny surprise. A girl with an unfrozen face, a tall-stemmed girl. As she walked away with a rearward muscular schizophrenia, some muscles went clockwise, some counter-clockwise.

A male human heart could only extend sympathy to her in her handicap.

Her walk, though, had a mixture of cruelness and kindness—half-panther, half-gazelle. It was all the art of Italy, ambulant.

She had the presence and security of a sunrise. Her expression from moment to moment was a race of rainbows.

"I am still young," she said. "Life is always exciting to me. I am never bored.

"I have worked since I was 15. I have worked hard. I have made 26 pictures.

"I don't know what it means to have a holiday. I don't know whether I want one. But yes, now that I am married, I want a holiday."

UNLIKE MOST American women, whose conduct is ruled strictly from a cerebral level (as every feller knows) Sophia moves as the amoeba does.

"I never took a lesson in acting," she said. "I am very instinctive.

"If I feel something, I can do it. If I don't feel it, it is very difficult for me.

"But everything is still new to me. It is nice when you can learn something new every day. I have just started life. I haven't lived yet."

The only thing she admits to hating in her life is to be an amateur.

"Nothing bores me. Acting is an excitement to me. I want to do more, not because of ambition, but because it is a pleasure to me, a release," she said.

There is something vital and alive and warm and human and near about the face of Sophia Loren.

And there is only one difference between it and the great set frozen American female face you can see every day on any street.

One looks alive.

People We're Proud To Know

Owen A. Sifritt

By JUNE ROSEBERRY

You have to like your work to stay in it half a century. Fire Chief Owen A. Sifritt does. Now in his 52nd year of fire fighting, he considers it a "fascinating business."

Not even several dislocated shoulders and burns received in numerous fire have dampened his enthusiasm for the career he has followed so faithfully.

Appreciation for his many years of service to the community was accorded him in a testimonial dinner given by firemen and city officials on the anniversary of his 50th year as a firefighter May 21, 1957.

At that dinner an honor was bestowed upon the chief that no other living fireman is believed to share. He was presented a lifetime membership in the International Association of Fire Fighters. Both this honor and the dinner came as a surprise.

—:—

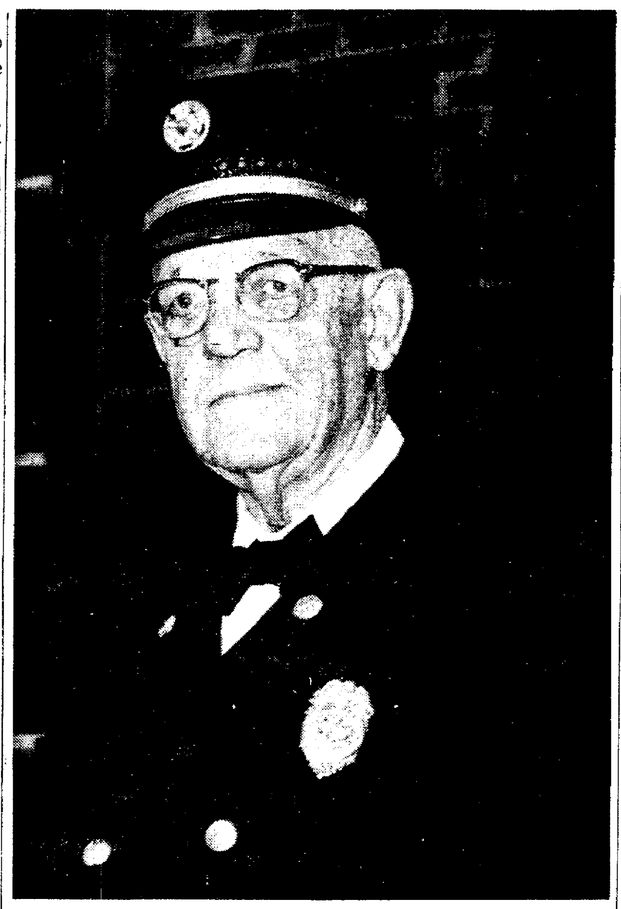
DESPITE HIS numerous duties as head of the fire department, Chief Sifritt always finds time for a smile and greeting for everyone. Of cheerful disposition, he also is a sympathetic listener and sincere friend.

James Bradshaw, former president of Local 379 of the International Association of Firefighters, hails the veteran fireman as a splendid gentleman who has "given his life in working for the people."

"We have had our differences of opinion," said Mr. Bradshaw, "but we never failed to part without shaking hands. Any differences have been forgiven and forgotten."

The chief's climb to the number one spot in leadership in the department seemed inevitable. Early in his career he demonstrated the qualities of character and leadership befitting the position.

After assuming the duty of firefighter on a temporary basis when laid off a factory job in 1907, he soon realized that his job was not in the factory, but there in the fire department.



The chief took a civil service examination and became a regular fireman in February of 1908. He was promoted to captain March 1, 1915 and has been chief since Jan. 1, 1944. The first years of his service were marked with duty six days a week, sometimes 24 hours a day.

—:—

IN THOSE EARLY years of the century the department answered an average of 50 calls a year as contrasted with 500 now. Looking back on some of the characteristics of fire fighting then, the chief pointed out that engines were horsedrawn and aerial trucks were unknown.

Chief Sifritt says no two fires are alike. Each one must be analyzed to determine the best way to fight it, he says. And anyone who has seen him on the job at a fire knows he does just that.

Although he reprimands those who might break the law or be party to a fire through carelessness, his scolding never bears angry words. As he describes his approach with offenders: "I like to talk to them as a father would to a son."

One principle to which he holds steadfast is: "a man is innocent until he is proven guilty."

Chief Sifritt finds the time to devote his energies to many club, lodge and church activities.

He is a member of Epworth Methodist Church and the Men's Sunday School Class there.

He is a charter member of the local Loyal Order of the Moose lodge and is a member of the Marion Lodge of Elks, for which he has been chaplain several years.

A Kiwanian 14 years, he has spent much of his membership tenure as chairman of the club's health and safety committee.

Other interests are hunting and fishing.

—:—

BORN ON A FARM in Green Camp Township on Oct. 31, 1884, he was the eldest of three sons of Owen L. and Ellen Harper Sifritt. His father was a native of Marion County and his mother of Franklin County. Both are deceased. His only living brother, Paul, resides at 199 Reed Ave.

The chief's early education was received at Mount Olive School until the family moved to Marion in 1899 and he enrolled in local schools.

Shortly after the beginning of the century he married Mamie Kay Dreher of Marion. She died in 1940. He has one daughter by this marriage, Mrs. Avonelle Marie Blackford of 338 Franklin St.

In September of 1949 he was married to the former Mrs. Dorothy Byrd of Lorain. The chief has one stepson by this marriage, William Byrd of Lorain.

Although he admits television is a favorite hobby during his hours at home, he doesn't mind helping his wife once in a while with dinner dishes. "But don't tell her that," he added, disclosing his sense of humor.

The 73-year-old gentleman, in looking back over his busy life, had this to say: "The Lord has been good to me and I appreciate it." Little doubt can be voiced to his thankfulness for a lifetime of blessings. He helps other share them daily.

Garcia Hoping For Aid Boost

Filipino President Winding Up Mission

WASHINGTON (AP) — Philippine President Carlos P. Garcia winds up his drive for major U.S. economic help today, hopeful some agreements will be reached.

The third day of his state visit includes a speech to the National Press Club and talks with Secretary of State Dulles and congressional leaders.

Tonight President and Mrs. Garcia will give a farewell state dinner at the Philippine Embassy for President and Mrs. Eisenhower.

Both Philippine and American financial experts were working on details of a program for Philippine economic development. Garcia has labeled the program urgent and imperative.

A formal statement is to be issued Friday.

The total aid requested by the Philippines has not been disclosed. But it is reported to amount to some 350 million dollars in long term loans and credits.

Attraction for Carousel Fatal to New York Boy

NEW YORK (AP) — Michael Roccisano, 7, was treated to three rides on a small merry-go-round mounted on a truck parked near his home Wednesday.

It was great fun. Michael didn't want to quit.

He leaped on the rear of the truck as the merry-go-round operator started to pull away from the curb.

His hands slipped and he was crushed to death by a rear wheel.

Family Reunions

FLEMING

The annual Fleming reunion will be held at the Mount Gilead State Park June 29. Family members are to bring their own picnic dinners. Ruby Rossow is the reunion secretary.

PACE

David Pace of Caledonia was honored guest during a Father's Day reunion of his children, grandchildren, great-grandchildren and other relatives held Sunday at Lincoln Park. Mr. Pace is 88 years old.

The basket dinner and afternoon celebration marked the first time in 34 years that some of the family had seen each other. All but three of Mr. Pace's nieces and nephews were present.

Plans were made to hold another reunion the third Sunday in June next year at which it is hoped the entire family will be present.

Immediate relatives attending were sons Vernon of San Antonio, Tex.; Raymond of Lexington, Ky.; Elvin of Dayton, Paul of Marion, Donald of Galion and daughter Mrs. Harry Burkholder of Caledonia. The sons and his daughter were accompanied by their families.

NEAL

Forty-eight relatives were present for the annual Neal reunion Sunday at the East Side Park in Galion. Officers were elected and include Loren E. Weir, president; Mrs. Robert Neal, secretary and treasurer, and Mrs. W. C. Bowman, program leader.

Relatives were present from Detroit, Mich., Germana, Pa., Bradenton, Fla., Crestline, Galion, Edison, Caledonia, Columbus and Marion. Next year's reunion will be the third Sunday in June at Lincoln Park in Marion.

U.S. and Canada Agree on Proposed Rates

Schedule of Tolls Set Up for Seaway

WASHINGTON (AP)—Proposed tolls for ships using the St. Lawrence Seaway, opening next April, were made public Wednesday.

The proposals, said the St. Lawrence Seaway Development Corp., may form the basis of recommendations that it will submit for approval by the U.S. government.

Similar action, the corporation said, will be taken by the St. Lawrence Seaway Authority of Canada. The two agencies are constructing and will administer the operation of 27-foot-deep international waterway.

The recommendations made public were submitted to the two agencies by the U.S. and Canadian tolls committees. The two, the corporation said, are in complete agreement.

Main features of the proposed toll structure are:

For each passage through the entire seaway—Montreal to Lake Erie—vessels will be charged six cents for each gross registered ton of the ship; and, in addition, 42 cents a ton for bulk cargo and 95 cents a ton for general cargo.

Bulk cargo includes such commodities as grain and grain products loose or in sack, ores and minerals, liquids in ships' tanks, pulpwood, poles and logs, woodpulp, waste paper, iron and steel, scrap and pig iron. Domestic package freight of each country will also take the bulk cargo rate.

(All commodities not included in the definition of bulk cargo will be classified as general cargo).

For each passage, Montreal to or from Lake Ontario only, ships will be charged four cents for each gross registered ton of the ship; and, in addition, 40 cents a ton for bulk cargo and 90 cents a ton for general cargo.

For partial transit of the new seaway facilities—between Montreal and Lake Ontario—where there are seven locks, users will be charged 15 per cent of the applicable toll for each lock transited.

On the Montreal - Lake Erie stretch of the seaway, Canada will receive 71 per cent of the tolls and the United States 29 per cent. Tolls collected for use of the Welland Canal will go to Canada.

Since the end of World War II, railroads in U.S. have placed in service 24,532 units of new locomotive power, of which 24,042 are diesel units.

Truck Needed To Haul Back Shoplifter's Loot

MEMPHIS, Tenn. (AP)—Police needed a five-ton truck Wednesday to haul to headquarters about $8,000 worth of goods a woman is accused of shoplifting.

The merchandise included eight fur coats—three of them mink—153 dresses, 80 skirts, 50 handbags 76 sweaters, 43 pairs of curtains, 88 silk blouses, stacks of men's clothing, sheets, towels, radios and clocks.

Detective Chief Charles Young said the goods were found in the home of Mrs. Saddy Mae Draper, 29, Negro. She was charged with grand larceny.

Assistant Priest Named

GALION — An assistant priest has been assigned to St. Joseph's Church here. He is the Rev. Herman F. Scherger who will be associated with the pastor, the Rev. Kenneth H. Hans.

Miss Wilson Becomes Bride of Donald Thomas

United in marriage on June 8 in St. John's Methodist Church in Keyport, N.J., were Miss Barbara Wilson, daughter of Mr. and Mrs. Leon Wallace of Hazlet, N. J., and Donald Duane Thomas, machinist's mate 1-C, U.S. Navy. He is the son of Mr. and Mrs. Harold E. Thomas of 556 Pearl St. The ceremony was read at 3 o'clock in the afternoon by the pastor, the Rev. Norman R. Riley. Bouquets of white snapdragons and gladioli decorated the altar.

Nuptial music was presented by Harold Weber, organist, and Leonard Purcelli, vocalist.

The bride, given in marriage by an uncle, Howard Porter of Hazlet, N.J., was attired in a ballerina length gown of Chantilly lace over satin. The Sabrina neckline was hand-beaded with pearls and sequins and the long sleeves ended in points over the hands. The full skirt was scalloped at the hemline. Her elbow length veil of French silk illusion was attached to a tiara of pearls and sequins and she carried a semi-cascade arrangement of white carnations, orchids and stephanotis.

Attending the bride as matron of honor was Mrs. Ralph Ronson of Hazlet, N.J., and bridesmaid was Miss Frances Infanti of Keyport, N.J. Their gowns were ballerina length and fashioned alike of silk organza with hand embroibered appliques outlining the Sabrina necklines. They had short sleeves and scalloped hemlines in the skirts. Mrs. Ronson was in blue and Miss Infanti was in pink. Their headdresses were matching kissing veils. The matron of honor carried a colonial bouquet of Harvest Moon carnations and white pompons and the bridesmaid's colonial bouquet was of deep pink carnations and pale pink pompons.

George Walling of Keyport, N.J., served as best man for the bridegroom, and the bride's brother, Eugene Wilson of Hazlet, N.J., was usher.

Mrs. Donald Duane Thomas

For her daughter's wedding, Mrs. Wilson chose a pale pink lace dress with matching accessories. Mrs. Thomas was attired in a blue lace dress with white accessories. Each had a corsage of cymbidiums.

A reception followed in the church social rooms. When the couple left on a wedding trip to Niagara Falls after which they will visit in Marion, Mrs. Thomas was wearing a pink dotted swiss dress trimmed with lace and brown accessories. Her corsage was of white orchids.

Mrs. Thomas was graduated from Keyport, N.J., High School. Her husband, a graduate of Harding High School in 1952, is stationed aboard the USS Antietam. He will be in service until November, when his five years will be concluded, after which the couple will make their home in Ohio. Mrs. Thomas will reside with her parents for the present.

Painesville Bank Rates Cut in Buy-Now Drive

PAINESVILLE, Ohio (AP)—To encourage consumers in making major instalment purchases, the Lake County National Bank will issue loans for that purpose next week at one-half the usual rate, Glick Shultz, president, said Wednesday night.

The half-rate interest will apply to loans for purchases made in Lake County such as boats, automobiles, major appliances, and home improvements.

Rates vary depending upon what the loan is used for. But the interest rate on a new car, for instance, is around 6 per cent.

Backtrack on Stand

CARLISLE, Pa. (AP) — Four Methodist district superintendents have backtracked on a previous stand that minister's wives shouldn't work full time.

In a report at the annual meeting of the Central Pennsylvania Methodist Conference (560 churches) the superintendents reaffirmed their basic stand, but added:

"We have no doubt that this practice is sometimes necessary and usually helpful in paying old bills, putting children through schools and preparing for that rainy day."

Lodge Activities

Members of the Past Matrons Circle of Lydia Chapter 83, Order of Eastern Star, and their guests, the past patrons, held a covered dish dinner Tuesday night at the Masonic Temple. Mrs. Ada Geddis was in charge of devotions and Mrs. Mary Craven, president, presided for the business meeting.

Election of officers was held with Mrs. Veta Schwaderer named president; Mrs. Mabel Williams, vice president, and Miss Pauline Ruhl, secretary. On the nominating committee were Mrs. Matilda Long, chairman, Miss Wanda Geddis and Mrs. Marie Hornby.

Hostess for the dinner was Mrs. Geraldine McKeehen. She was assisted by a committee composed of Mrs. Louise Cyders, Mrs. Mary Williamson, Mrs. Ada Geddis, Misses Janet and Wanda Geddis, and M. M. McKeehen.

Following the dinner, David E. Montgomery gave a talk and showed colored slides of the trip he and his wife made to Mexico.

—:—

Four members of Cooper Relief Corps 194 were honored in a birthday dinner held Monday noon in the Odd Fellows Hall. Those honored were Mrs. Clara Harden, Mrs. Louise Watson, Mrs. Clara Hecker and Ms. Reba Musgrave.

Centerpiece for the table was a decorated birthday cake.

During a business meeting conducted by Mrs. Louise Watson, president, it was reported that all dish clothes had been sold in the group's current selling project.

Mrs. Blanche Hartpence gave a report on the department convention she attended recently in Mansfield.

Members voted to reduce meetings to one each month for July and August. The group will meet July 21 and Aug. 18.

-:- Weddings -:-

Announcement is being made of the marriage of Miss Helen Wilson and Ralph Kuntz which took place on March 22 in Mount Vernon. She is the daughter of Mrs. Mary Wilson of Mount Vernon and Charles Wilson of near Marion and Mr. Kuntz is the son of Mr. and Mrs. Frank Kuntz of Eckley Dr.

The wedding ceremony was performed in the Nazarene Church by the Rev. E. L. Jesserson.

Mr. and Mrs. Kuntz are making their home with his parents until August. She was graduated from Harding High School this year. A graduate of Harding in 1955, he is employed with Schlairet Transfer Co.

—:—

The marriage of Mrs. Oglebee Essex of Marseilles and Arlo Heilman of Kenton took place on Sunday, June 15, in the parsonage of the Marseilles Methodist Church with the Rev. Carlos Wickham reading the ceremony at 2 o'clock in the afternoon.

A dress of blue lace styled along princess lines was worn by the bride and she combined with it white accessories. Her corsage was of yellow roses.

A reception for 40 guests followed at the farm home in Hardin County where the couple will reside. A three-tiered wedding cake topped with a miniature bride and bridegroom and encircled at the base with honeysuckle and roses centered the table. The bride's daughter, Mrs. Grata Thacker, served as hostess. Assisting her were Mrs. Edith Oiler, Mrs. Dolly Thacker and Mrs. Sylvia Thacker.

Guests at the wedding were from Michigan, Pennsylvania, Oberlin, Sycamore and McCutchenville.

The couple's wedding trip is to Niagara Falls and through the eastern states. For traveling, Mrs. Heilman wore a beige dress with red accessories.

Mrs. Heilman is supervisor of the cafeteria at Marseilles school and her husband is engaged in farming.

—:—

Announcement is being made of the marraige of Miss Dixie Lee White, daughter of Mr. and Mrs. Lester Butcher of 260 Edwards St., and John Henry Neal, son of Mr. and Mrs. Dewey Neal of Morral.

The wedding took place on June 7 in the Full Gospel Tabernacle on E. Fairground St. and reading the double ring ceremony at 7:30 o'clock in the evening was the Rev. Ray Mitchell.

The bride, given in marriage by her uncle, Earl White of Marion, wore a gown of white net over taffeta and a small white bridal hat held her fingertip length veil. Her corsage was of yellow roses. A pearl necklace, a gift from the bridegroom, was her jewelry.

Miss Joanne Butcher, a sister, was the bride's maid of honor and only attendant. She wore a white dress with black accessories and had a corsage of pink roses. James L. Clark was best man for the bridegroom.

Following the ceremony, the couple took a short wedding trip to Columbus. They are making their home with the bride's parents. Mr. Neal, a graduate of Morral High School in 1955, is employed with the Morral Supply Co.

—:—

Miss Elizabeth Ann Morrison and Thomas William Hess were united in marriage in the First Presbyterian Church in Maumee on Saturday, June 14, with the Rev. Elvin J. Olson officiating for the 1:30 o'clock ceremony.

The bride, daughter of Mr. and Mrs. Osmond Branson Morrison of Maumee, former residents of Marion, wore a gown of taffeta fashioned with a sweetheart neckline accenting a deep yoke of Alencon lace studded with seed pearls. The skirt extended into a chapel length train. Her veil of silk illusion was caught to a lace Juliet cap trimmed with seed pearls. A peal necklace and earrings, gifts from the bridegroom, were her jewelry and she carried a bouquet of red roses. The bride was given in marriage by her father.

Maid of honor for the bride was her sister, Miss Sue Morrison, and bridesmaids were Miss Eleanor Schlichter and Miss Arlene Kasmaier of Maumee, Mrs. William McDowell of Findlay, sister of the bridegroom, and Miss Lisa Baumgartner of Hubbard, a sorority sister of the bride.

Their gowns were of jade green taffeta with sweetheart necklines and ballerina length skirts. Their hats and accessories were in a matching shade. The maid of honor carried a basket of yellow roses and yellow daisies and the bridesmaids' baskets were filled with pink sweetheart roses and pink daisies.

Dr. Robert M. Hess Jr. of Akron served as best man for his brother who is the son of Mr. and Mrs. Robert M. Hess of Findlay. Ushers were William Slack and William McDowell of Findlay, Gary Schlenk of Hamilton and Perry Lanning of Findlay, fraternity brothers of the bridegroom.

Mrs. Morrison chose for her daughter's wedding a blue embroidered sheer dress with matching accessories and her corsage was of pink sweetheart roses. Mrs. Hess was attired in a pink dress with matching accessories and a corsage of pink roses.

Following the ceremony, a reception was held in the Great Lakes Room at the Toledo Club and later a buffet supper was served at the home of the bride's parents. When the couple left for a short wedding trip to Michigan, Mrs. Hess was wearing a two-piece linen chemise of brown, blue and white check with white accessories and a yellow orchid.

Mrs. Hess is a junior at Bowling Green State University and will graduate next Frebruary. She is a member of Delta Gamma sorority. Her husband, a graduate of Bowling Green State University where he was affiliated with Pi Kappa Alpha fraternity, is at present a graduate student at Ohio State University.

Attending the wedding from Marion were Mr. and Mrs. Frederick M. Sage, maternal grandparents of the bride, Mr. and Mrs. Merle Wise, Mr. and Mrs. Robert Conley and Dr. and Mrs. A. E. Morrison and faamily. Former residents of Marion, Mr. and Mrs. John E. Artopoeus and daughter, Kristine, of Bay Village, also were present. Other guests included Mrs. Ethel Smith of Mansfield, paternal grandmother of the bridegroom, and Mrs. Lillie Fett of near Bluffton, maternal grandmother of the bridegroom.

State Delivers Muskies For Bucyrus Reservoir

BUCYRUS — This city's No. 2 reservoir has received 500 three-inch fingerling muskellunge, Crawford County Game Protector Emory Jividen announced today.

The reservoir is open to public fishing while the city's newest reservoir, the Roy Riley reservoir, is closed to fishing. The young muskies, state-raised from stock originally obtained in Canada, are expected to reach a length of 14 inches within a year.

Mr. Jividen also reported that 600 pheasant chicks have been received. Half of the chicks are consigned to the Lykens Conservation League in the northwest part of the county and the remainder will go to the Mount Zion Protective Association in the southwest part of the county.

Tops Membership Goal

UPPER SANDUSKY — Wyandot Country's 4-H Advisory Council last year set a goal of 850 members and Wednesday announced it has topped that figure. The 33 clubs of the county now have an enrollment of 894 members, an increase of 70 over the previous club year. The breakdown shows 330 boys and 564 girls, aided by 93 volunteer advisers and junior leaders.

KEEP YOUR HOME YOUNG IN SPIRIT

A home is not something that you plan, decorate, and furnish and expect that it will do for a lifetime. Your home should keep pace with your life—and life is never static. Your growth (spiritual, intellectual and cultural), the deepening effect of your experiences in life, your widening interests—and those of your family—should all be reflected in your home. Then, and only then, will it remain constantly young and fresh in spirit.

The old-fashioned notion that the furnishings acquired by the young bride and groom should, with appropriate additions, last out their lifetime is completely outmoded. Today, many families feel the need of completely refurnishing their homes periodically for the refreshing stimulus it gives them.

The room sketched above offers visual excitement and at the same time invites tranquility and repose. Two-tone draperies have been extended to the corners of the wall to give the illusion of an entire glass partition. Chippendale lamp tables were retained for sentimental reasons—they fit and blend beautifully with the new modern sofa and chairs. Simplicity is the keynote—both in the styling and the arrangement of the contemporary furnishings — in this room that's fresh and young in spirit.

Lamps and accessories are the jewels of the home . . . they bring sparkle and variety to every room. We are constantly adding to our stock of fine lamps and smart accessories for both contemporary and provincial rooms.

Senate Resistance Stiffens to Proposals for Reducing Taxes

FIRE TRUCKS OF ALL VINTAGES chugged through Crestline Wednesday afternoon during a two-hour parade which climaxed the 84th annual convention of the Northwest Volunteer Firemen's Association. Shown here is one of the more modern trucks from the Crestline Fire Department. The Crestline department also owns the oldest truck in the 280-department association.

Trujillo

(Continued From Page 1)

Instead in its resolution Congress said "the attacks that some (U. S.) congressmen have directed against the Dominican Republic in terms offensive to her national dignity would not have occurred" if U. S. aid had not been accepted.

The resolution forwarded to President Hector Trujillo, the generalissimo's brother, asked for an end to agreements providing U. S. military aid of $600,000 a year; technical assistance, and cooperation on peaceful uses of atomic energy.

Shift to Haiti Possible

If the Trujillos cancel the missile-tracking agreement, the United States could look next door to Haiti, which has offered to serve as a tracking base.

Young Trujillo at 29 is head of the Dominican air force and this week was made head of the combined chiefs of staff. U. S. congressmen first criticized him for his lavish expenditures in Hollywood when he was supposed to be attending the U. S. Army's Command and General Staff School in Leavenworth, Kan.

The Dominican government countered that Trujillo was a rich man and was spending his own money.

Congressman Starts Action

Things might have calmed down if Rep. Charles B. Brownson, an Indiana Republican, hadn't revealed last week that Trujillo Jr. wasn't graduating from Leavenworth because he hadn't finished the course. The generalissimo retaliated with an anti-U. S. blast, ordered 30 Dominican cadets and officers out of U. S. military schools, and summoned his Congress to act.

Young Trujillo, who is divorcing his wife, has returned to Hollywood. Zsa Zsa said she would try to find him a new spouse and would throw a party for him aboard his family yacht, which came to California to sail him home.

New R&SM Master

Stewart R. Vermillion Heads Masonic Council

Stewart R. Vermillion of 355 Windsor St. was elected and installed as illustrious master of Marion Council 22, Royal and Select Masters, at the 102nd annual assembly of that body held at the Masonic Temple Wednesday night.

Mr. Vermillion, an employe of the Marion Post Office, is also a member of Marion Lodge 70, F&AM, a member and past high priest of Marion Chapter 62, RAM and a member of Marion Commandery 36, KT.

Other officers elected and installed were: James M. Morrison, deputy master; Warren G. Cyders, principal conductor of work; B. Harry Gast of Prospect, treasurer; Harold W. Hall, recorder; John T. Gruber, chaplain; Anson E. Pickerel, marshal; Richard Brandt, captain of the guard; D. Roy Yocom, conductor of council; Richard V. Lukens, steward; Otto J. Ricker, sentinel; and Carl O. Jordan, retiring master, trustee for three years

Ralph E. Carhart, past grand master of the Grand Council, R&SM of Ohio, served as installing officer, and was assisted by Carl O. Jordan who served as grand marshal, and Kenneth E. Fields who served as grand chaplain.

Following the installation ceremony, Mr. Vermillion announced the appointment of the following committees: finance, J. Y. Apt, Charles Elicker and Earle C. Johnson; welfare, Kenneth E. Beveridge, Calvin H. Topliff and Mr. Hall; visitation of sick, Ralph G. Williamson; goodwill ambassador, James M. Harty.

STEWART VERMILLION
Installed by Marion Council 22

On behalf of the members of Marion Council, Mr. Carhart presented a past master's ring to Mr. Jordan.

This was the last meeting of the season for the local council, and the fall schedule will open with a stated assembly on Wednesday, Sept. 17.

Russia

(Continued From Page 1)

He added that this incident should alert the entire free world to "the lack of confidence that we are compelled to feel in the words and actions of these Communist imperialists."

His hopes for coming to workable agreements with the Soviets, he added, have suffered "a very great setback."

The Soviet high command has taken in recent weeks a series of actions bound to cost Russia good will and prestige, but it appears not to be bothered by this cost.

Attitude Undergoes Change

About two months ago Soviet officials showed reluctance to enter into diplomatic negotiations over arrangements for a summit conference. This created a widespread impression Khrushchev was backing away from such a meeting. Later Soviet propagandists and he himself sought to wipe out this impression.

But Khrushchev's action in making public this week various secret proposals put forth in the diplomatic negotiations was interpreted here and abroad as virtually wrecking the talks.

Meanwhile the Soviets, as the result of a Communist ideological row with President Tito of Yugoslavia, cut off promised credits totaling about 285 million dollars. This laid them open to Western charges that their aid was given or withheld for political, not economic, purposes.

Youth Fined $15

Robert C. Brown, 18, of 608 Davids St. was fined $15 and costs in Marion Municipal Court today when he pleaded guilty to a charge of petty larceny. He was accused of stealing a bicycle valued at $10. Brown was arrested by city police Wednesday afternoon.

visit to Cape Canaveral, Fla. He said it is difficult for some to accept blasting millions of dollars to bits on missile tests, but added that the tests are vital to the country's defense system.

Since it was host to the convention, Crestline was barred from entering the contest for the oldest piece of equipment. The old Crestline truck is the most ancient in the association. First prize was awarded to the Franklin Township department in Richland County and the Nevada Fire Department truck won second prize.

Defiance High School won first prize in band competition, Napoleon took second and Bryan won third prize. The prize for the best firemen's band was won by the Adams Township department from Lucas County.

A colorful float sponsored by Elks lodges in Crestline, Galion and Bucyrus took a first prize and Crestline Boy Scouts won second prize for their display. Pop's Booster Band of Glandorf walked off with first prize for the most comical band.

First prize for a ladies firemen auxiliary went to Nevada. The Green Springs auxiliary won second prize.

Crestline Fire Chief R. H. Saum was in charge of arrangements for the convention.

State Health Dept. Approval Given to Lincoln Pool Plan

Approval of the plans for the renovation of the Lincoln Park swimming pool were received from the state health department today by Mayor Wendell L. Strong.

He said the approval was contained in a letter from Dr. Ralph Dwork, state health director.

Dr. Dwork previously approved the plans for the water filtration equipment proposed for use at the pool. The plans and specifications call for use of one of two types of filtration equipment, either sand and gravel or diatomaceous earth.

The state department left the final choice of the filtration equipment to the city health department, which prefers the diatomaceous earth filter system.

Work on the pool is expected to start tomorrow or Saturday and to be completed in about 60 days. Total cost of the renovation will be near $65,000 with actual construction work to cost $60,912.

The plans and specifications for the project were prepared for the city by Edwards and Burris, local architects.

Dubin, a free-lance, also has directed or helped to direct "The Investigator" and parts of the "Omnibus" program.

NBC's action also apparently meant that Dubin will not get the job of producer-director of the Dinah Shore show next season—a position paying $3,200 a week. Dubin confirmed reports that he had been considered for the job.

Lief said he got the job as guest conductor with the Moiseyev troupe by applying to Sol Hurok, the impresario who brought the sensationally successful dance group to this country.

Will Attend Workshop

A state meeting of the Citizens for Decent Literature Committee to be held at Ashland June 28 will be attended by at least three Marion men.

Mayor Wendell L. Strong said today that he and Police Capt. Virgil Campbell and Dr. Daniel Murphy are planning to attend.

Some 16 Ohio cities have been invited to send representatives to the meeting.

Action Seen To Reject All Bids for Cuts

Present Corporation, Excise Levies Likely To Remain for Year

WASHINGTON (AP)—The Senate appeared likely today to reject all tax cutting efforts and pass a bill to extend present corporation and major excise tax rates for another year.

That action would send the measure to President Eisenhower well in advance of the June 30 date the levies would drop automatically. The House already has passed the bill.

Before debate began Wednesday one amendment had appeared to have a chance of adoption—a proposal to eliminate the 3 per cent freight tax and the 10 per cent levy on passenger travel.

But sponsors of this amendment conceded it had lost considerable ground because of combined pressure from the Eisenhower administration and Democratic and Republican Senate leaders against it.

Before reaching it, the Senate considers an amendment by Sen. Pat McNamara (D-Mich) to end the 10 per cent tax on automobiles and halve a similar levy on trucks. Supporters held little hope it would be adopted.

The Senate defeated 65-23 Wednesday the first floor amendment—a proposal of Sen. Paul H. Douglas (D-Ill) for a six-billion-dollar tax cut to stimulate business in the recession.

Broadcasters Name Mason

Local Resident Vice Chairman of Board

Robert T. Mason, president and general manager of the Marion Broadcasting Co., Station WMRN, today was elected vice chairman of the radio board of the National Association of Broacasters at the board's semi-annual meeting in Washington, D. C.

Mr. Mason began his current period of service on the board in 1955. He previously had been a board member in 1947-48 and 1951-53.

President of the Marion Broadcasting Co. since 1940, he had an extensive background in business and editorial work previous to that. He is a member and past president of the Ohio Association of Broadcasters and has served on or headed various committees of the NAB, the Radio Advertising Bureau, the Advertising Federation of America and the Chamber of Commerce of the U.S.

Mr. Mason became a member of the accrediting committee for the American Council of Education in Journalism in 1948.

Banquet Honors Staff Of Health Department

Members of the Marion County Board of Health gave a dinner Wednesday night at the Highway Hotel in honor of the health commissioner, nurses, clerks and the sanitarian.

J. W. Campbell served as toastmaster and outlined progress the board has made during recent years. Dr. Milton Axthelm spoke in the absence of Dr. M. M. Weinbaum, health commissioner.

Others attending the meeting were Mrs. Axthelm, Mr. and Mrs. Edward Behrens, Mr. and Mrs. Victor Kreis, Mr. and Mrs. Clay Smith, Mr. and Mrs. Ralph Augenstein, Mrs. Catherine Kelly, Mrs. Bertha Snyder, Miss Esther Mautz, Miss Jeanne Underwood, Miss Eleanor Holt and Mrs. Princess Hite.

AIDING NATURE. Workers set up small oil stoves as precaution against a sudden freeze ruining their carefully nurtured vineyards in the Badenheim area of the Rhine Valley.

JET ASSIST FOR INFANTRY. The infantry soldier of the future may be equipped with a rocket-powered jump belt strapped to his waist. M/Sgt. Richard A. Guinn of the New Jersey National Guard demonstrates the device developed by Thiokol Chemical Co. of Denville, N.J. The belt is capable of propelling a man up mountains, across rivers and as fast as a race horse running in the stretch. The small nozzles (arrows) are at the soldier's hips and do not interfere with normal actions. (UPI Telephoto)

Adams

them would like to praise in campaign speeches.

Perhaps significantly, almost the only members of Congress volunteering a good word for Eisenhower's decision to keep Adams at his desk were those not up for re-election this year.

Going Along With Ike

Sen. Homer E. Capehart (R-Ind), who isn't running this year, said Eisenhower has all the facts on Adams "and I'm going along with the president."

Sen. Everett Dirksen of Illinois, the assistant Republican leader, said in a separate interview that it was "the President's determination to make." Dirksen is not campaigning this year.

Sen. Ralph E. Flanders (R-Vt), who is retiring, also endorsed the President's decision.

But Sen. Charles E. Potter (R-Mich), fighting hard for another term, said that with Adams still in office the Republicans will face "a critical political handicap in the 1958 campaign."

Sen. Frank A. Barrett (R-Wyo), seeking re-election, said he had believed that Adams ought to resign, but added:

"In view of the President's splendid record on integrity and honesty in government, I have no other course than to leave the decision in his (Eisenhower's) hands."

Among Republican state chairmen calling for Adams' resignation or ouster were Richard H. Shaw of Colorado, Daniel L. Louchery of West Virginia, William Cobb of North Carolina and Thomas Judd of Utah.

Many Democrats held their fire, obviously waiting until late in the campaign. But there was a rising chorus of criticism.

Probers Find Fresh Data on Goldfine Case

WASHINGTON (AP)—Rep. Oren Harris (D-Ark) said today his House investigations have come up with some "very interesting" new information from their first look at records of Bernard Goldfine.

Harris declined to say what the new information involves or how it will fit into his subcommittee's inquiry. That group is looking into whether Goldfine, a Boston industrialist and longtime friend of Sherman Adams, got favored treatment from the Federal Trade Commission and the Securities and Exchange Commission.

But the Arkansas Democrat disputed a White House contention that no FTC rules were broken when Adams, President Eisenhower's top aide, passed on to Goldfine a memo from the FTC chairman.

The memo, dated Jan. 4, 1954, dealt with an FTC move against what was alleged to be mislabeling of fabrics by a Goldfine textile firm.

Some of Goldfine's records were finally obtained by subpoena from Mildred Paperman, a bookkeeper for Goldfine, late Tuesday after a subcommittee struggle with Goldfine's lawyers. The investigators are checking the data before resuming hearings next week.

The records reflect, among other things, Goldfine's payments of hotel bills in Boston, New York and Plymouth, Mass. Adams has acknowledged staying at hotels in those cities at Goldfine's exp but denied he sought or ob special treatment for Goldf the federal agencies.

Harris Wednesday left it open as to whether his group would ask Eisenhower for permission to look at tax records. The Treasury Department, which would first get such a request, said none had been received so far.

Miss Paperman has said bills at Boston's Sheraton Plaza Hotel were charged to a Goldfine mill. Rep. John B. Bennett (R-Mich) is pushing for a reply as to whether Goldfine listed as a business expense the more than $1,600 in bills run up by Adams there.

Goldfine was quoted by the Boston Record as announcing his willingness to come before the subcommittee and tell all he knows.

Kills Daughter, Self

CLEVELAND (AP) — Willie Wright, 32, an unemployed laborer who came here six months ago from Detroit, shot and killed his 8-year-old daughter, Connie, and himself Wednesday in a Cleveland hotel where the family lived. Also shot in the head, but in fair condition, was Wright's 5-year-old son, William.

and Vernon classes. Harding High School's blacktop area at the south side of the building will be the instruction site.

The staggered school schedule is necessary because of the different number of classroom units in most schools. All buildings will have at least two rooms in use while some will have three and Mark St., will have four, Mr. Brown said.

Cecil W. Gabler, assistant to the superintendent and co-director of the kindergarten program, announced today that teachers will have their final briefing session prior to school's opening when they meet Friday from 9 a. m. to 11 a.m. at the School Administration Building. Working with Mr. Gabler in directing the program is Miss Philomen Gregg, elementary supervisor.

Chamber Group Discusses Marion Sewer Problems

Sewer problems and action being taken to solve them were the main topics discussed by the Civic Affairs Committee of the Marion Chamber of Commerce at its regular meeting Wednesday at Hotel Harding.

Walter Moore, chairman, said that Councilman-at-large Richard Lister (R) presented a report on new sewer construction and the southeast suburban sewer problem, and Safety-Service Director Howard W. Travis discussed the current cleaning and repair program on existing city sewers.

Mr. Travis also presented a report on the city street maintenance program and there was a brief report on the city's traffic situation.

There also was a discussion on proposal for zoning a portion of former Scioto Ordnance plant industrial use, Mr. Moore said. The discussion concerned the establishment of an industrial park there so that new industrial plants all could be located in a single specified area.

tunist. He has been engaged in a vast reform of the Soviet system, including a reorganization of industry, agriculture and education. The changes he has espoused, particularly those in agriculture, have aroused bitter opposition in the Soviet bureaucracy. These opponents have been watchfully waiting for some resounding failure by Khrushchev.

They now have this failure—on the summit conference question.

American diplomacy may have helped to produce this situation by taking a thoroughly negative attitude toward a summit meeting.

Red China also helped because Peiping apparently did everything to torpedo a summit meeting at which it would not be represented.

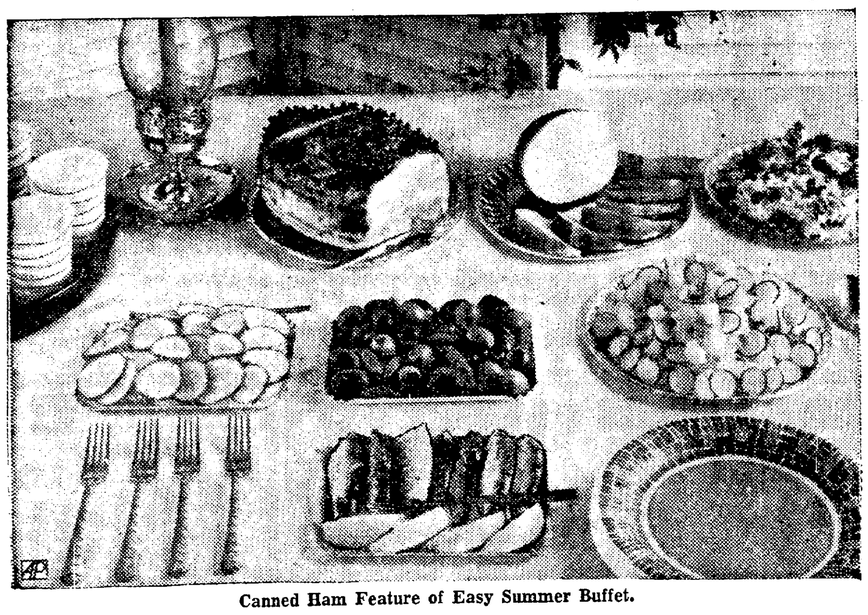
Cooks Can Be Free of Work on July 4



Canned Ham Feature of Easy Summer Buffet.

No reason why the cook, along with everyone else in the family, shouldn't have a grand and glorious 4th of July.

This is not the day to enjoy martyrdom. Strike out for independence and if you must feel "put upon," stand over the hot stove some other day!

Guests coming? Serve an easy summer buffet. Let a canned ham, tricked out in a quick glaze, be the piece de resistance. With it have potato salad (made ahead), garnished with pretty crisp slices of radish for texture contrast. Cole slaw, too, can have a stay in the refrigerator while flavors blend, and then just before serving be topped with sliced scallions to please the menfolk. Or if you like macaroni salad, you may prepare it in advance; usually cooked chilled elbow macaroni is used and mixed with crisp raw vegetables and mayonnaise.

Open some cans of those luxurious boneless and skinless sardines and accompany them with lemon wedges or ready-prepared tartar sauce. Or, if you prefer, serve herring tidbits that come in a spicy marinade.

Add sliced cucumbers or tomatoes (or both) doused with an old-fashioned mixture of herb vinegar and a little sugar. Olives and gherkins, really fine cheese and good rolls or dark bread will be welcome. Take life easy at dessert time and serve chilled melon.

You needn't get out your best china platters and plates for this buffet. We've tried some of the new plastic-coated paper plates for serving and eating and find them both attractive and functional—and they can be thrown away! The silver - finish rectangular paper "trays" are particularly appropriate for some of the offerings on our menu and you can pick and choose among designs and colors to suit your own scheme of things. One mosaic pattern comes in sky blue and olive green — the season's chic combination.

GLAZED CANNED HAM

Ingredients: One 6-pound canned ham, whole cloves, ¼ cup old-fashioned molasses, ¼ cup prepared mustard, 2 tablespoons Worcestershire sauce.

Method: To slice ham before heating, cut ¼-inch slice; insert cloves along top edge of ham; make second slice; leave next slice plain. Finish cutting ham, alternating plain and clove-studded slices. Tie sliced ham with string in original shape; place in shallow baking pan. Mix together molasses and mustard, then Worcestershire sauce. Brush over ham. Bake in moderate (350 degrees) oven 1 hour. Brush twice during baking with remaining sauce. Makes 24 slices. The glaze will be fairly thick and rich brown.

Foreign Students Study State Roads

DELAWARE —A recent visit to Ohio by 14 fellowship students, each representing a different nation, to study the state's highway construction program, "has been termed "highly successful" by Frank Williams, division deputy director of Division 6 of the Ohio Highway Department.

The visit, sponsored by the International Road Federation, included a stop at the Division 6 offices in Delaware, where the students were shown the radio system used in officials' cars. On hand to explain the system, as well as the several facets of Ohio's highway building program were Milo Richey, location and design engineer and Walter Johnson, construction engineer, formerly of the Marion County engineer's office.

The students, all of whom are attending colleges or universities in the U.S., included representatives of Bolivia, Rhodesia, Ecuador, Ceylon, South Africa, Austria, Mexico, Greece, Korea, the Philippines, New Zealand, Australia, Guatemala and Luxembourg.

News of Granges

TYMOCHTEE

Plans were made to hold a public ice cream festival July 9 at the grange hall when members of Tymochtee Grange met Wednesday night. The affair will be highlighted with serving of homemade ice cream.

Appointed to attend a meeting of endowment fund contributors at the Marion County Children's Home June 23 as representatives of the grange were Robert Hickman Sr. and Clarence Gruber. Orval Herr was reported ill at his home.

In charge of the literature program was Mrs. Lena May Steen. Her thought for the day was "Happiness Is Perfume." Thomas Steen and William Emptage gave readings concerning the flag and Mrs. Edith Hickman told about the history of ice cream.

Juvenile grange members, under the direction of their matron, Mrs. Mary Barnett, sang "Faith, Hope and Charity." The birthday song was sung to Lucretia Emptage, celebrating her birthday.

Other activity on the program included a history of Father's Day presented by Mrs. Emil Matti, reading of an essay on men by Mrs. Ora Ford and reading of a poem on fathers by Mrs. Hickman.

Named to head the refreshment committee for the July meeting were Mr. and Mrs. Frank Hudnall and Mr. and Mrs. Pearl Osborne. The program will be highlighted with inspection.

Announcement was made that a card party, open to the public, will be held June 28 at 8:30 p.m. in the grange hall.

Traffic Light Set At Engineer Depot

In a move to alleviate a traffic problem at quitting time at the Marion Engineer Depot on U.S. Rt. 30-S a traffic light will be installed at Gate 1 of the institution in the near future.

James Edwards, director of public affairs of the state highway department, said Wednesday the light would be put up on a 120-day trial basis. It will be used on a stop-and-go system only between 4:30 and about 4:50 p.m. The rest of the time the yellow light will flash for Rt. 30-S motorists and the red light will flash for drivers leaving the depot through Gate 1.

Mr. Edwards said about 500 cars are driven to the depot each day.

Youth Activities

4-H CLUB

Three demonstrations were given at the Monday night meeting of the New Bloomington Lads 4-H Club held at the home of David Randles.

Sixteen members were present to see a demonstration of artificial respiration by Robert Peart, one on log knots by Roger Gay and proper way to hold rabbits as shown by Larry Trafzer.

Refreshments were served by Mrs. Randles at the close of the meeting.

The next meeting, which will be at the New Bloomington Methodist Church July 7 will feature demonstrations by George and Larry Montgomery and John Jollif.

U. of Florida Graduate Schools Directed by Court To Integrate

TALLAHASSEE, Fla. (AP) — Integration of University of Florida graduate schools next fall was ordered by a U. S. District Court Wednesday and Gov. Leroy Collins said he expected no difficulty in complying with the decree.

State Sen. Randolph Hodges, started a move, however, to convene the Legislature in special session in an effort to find some way to block the order.

Collins rejected the idea of a special session. He said he saw nothing which could be accomplished.

The order by Federal Judge Dozier Devane broke the solid front of segregation in Florida. A case pending in U. S. District Court at Miami seeks to open public schools to Negroes.

Collins forecast that the Board of Control which supervises the university system will open the Florida State University graduate schools at Tallahassee to Negroes now that those at Florida have been ordered integrated.

Devane's order applies specifically to the college of law and the school of medicine, the four-year degree schools at the university. It also will apply to the graduate programs of the arts and sciences school, the school of education, the engineering school and college of agriculture.

Devane, 74, a staunch believer in states rights said in a memorandum opinion he had no alternative but to issue the order in view of U. S. Supreme Court rulings.

Tennessee Jaycee Has Used Mule for Sale but No Takers

LOS ANGELES (AP) — "Hello there. I rode a mule all the way out here from Tennessee for the national Jaycee convention," said the proud voice on the telephone.

"Oh yeah? Nice going. What's next?"

"Well, the mule and I are here in town together and it's time to consider going home. I can't fly the mule home so she's for sale."

"For sale eh? Well, the mule market's not too active out here. Whatta you want for her?"

"Haven't set a price. She cost a hundred dollars. Sure wish you could find somebody who wants a good used mule with 2,300 miles on her.

"Her name is Kate. She's 12. She's in fabulous shape."

"I imagine she would be. What's your name?"

"I'm Bob Bradley. From Memphis. Started the trip St. Patrick's day. It was my idea. But it was just a joke at first.

"Then one thing led to another, you know, and brought on more talk and before I knew it there I was—saddling up and on my way.

"Gov. Clement made me a goodwill ambassador.

"Kate was pretty cooperative throughout the trip. Didn't balk much or anything."

"You don't plan to go back by mule, I take it."

"No sir. Never planned to go back by mule. Absolutely not. My intentions are to fly. Three months out, eight hours back."

"How's your—uh—posterior?"

"I might say this as far as that aspect is concerned. I've had it."

Cyprus Policy Plan Detailed By Macmillan

LONDON (AP)—Prime Minister Macmillan announced today a seven-year plan for the future of Cyprus which provides for participation of Greek and Turkish governments in the administration of the island.

Macmillan described the proposal to the House of Commons as an adventure in partnership.

He promised that cessation of violence in Cyprus — a British crown colony populated by 400,000 persons of Greek descent and 100,000 of Turkish descent—would bring a relaxation of emergency regulations, including return of Cypriots now excluded from the island.

While he named no names, this reference was taken to mean that Archbishop Makarios, leader of the Greek Cypriot community, would be allowed to return to Cyprus when order is restored. He is now an exile in Greece.

The Prime Minister said it is deeply to be regretted that all attempts for settlement of the Cyprus problem have thus far proved unsuccessful.

Greek Cypriots want the island to become Greek. Turks want the island partitioned. The dispute has been a bitter one and fighting last week between Greeks and Turks on Cyprus cost at least 17 lives.

Macmillan announced the British plan after a 48-hour pause to give the North Atlantic Treaty Organization's Council time to talk over the problem with Britain, Greece and Turkey, all members of the alliance. Indications were Tuesday that Greece and Turkey both had rejected the plan, having been given a fill-in on it in advance.

Marion Area Auto Mishaps

Drivers were arrested in both of the county accidents reported today by patrolmen of the Marion post.

Henry A. Richards of near Marion was charged with passing without assured clear distance after his auto struck the back end of a farm tractor pulling a manure spreader on Rt. 30-S one and one-half miles east of the Morrow County line at 2:15 p.m. Wednesday.

Patrolmen said the westbound Richards car was attempting to pass the tractor rig driven by Elmer Leathem, 62, of Martel when the mishap occurred.

Forced back in the right lane by oncoming traffic, the Richards vehicle struck the back end of the farm tractor and spreader, officers said.

Considerable damage was done to both vehicles involved, patrolmen noted.

Entrance to the IGA Foodliner on Rt. 4 south of Marion was the scene of the second mishap. It occurred at 5:40 p.m.

Patrolmen said a northbound auto driven by Costa Todorovsky, 25, of Flint, Mich., was slowed for traffic when another northbound auto, driven by William D. Nelson, 20, of near Marion, struck the back end of the Todorovsky vehicle.

According to the report both cars involved were considerably damaged. Nelson was cited to appear in Municipal Court June 20, charged with failure to stop within assured clear distance.

Marion Man Sentenced On Auto Theft Charge

Harry Edward Fix, 19, of 347 Brentwood Dr. was sentenced to 1 to 20 years in the Mansfield Reformatory Wednesday after pleading guilty in Common Plieas Court to a charge of auto theft.

Fix was indicted by the grand jury in April after his arrest on a Municipal Court warrant signed by Robert C. Ellwood Jr. Holley F. Baker was appointed by the court as attorney for Fix.

Chord Organ Club Is Organized Here

Robert Mayfield of Crestline has been elected president of the newly organized Chord Organ Club, comprised of Marion and area organ enthusiasts.

Elected to serve with him during the first meeting of the group at the YMCA Tuesday night were H. M. Burbaugh of near Marion, vice president; Mrs. Margaret Thew of LaRue, secretary; Mrs. Robert Mayfield of Crestline, treasurer; Mrs. Eva Rollins of Cardington, program chairman, Mrs. Alfred McCowan of Marengo, refreshment chairman, and Mr. McCowan, constitution committee chairman.

The regular meeting date was set for the first Wednesday of each month. Twenty-three persons attended the initial session of the social and educational group. It is organized under the national Chord Organ Club program.

Plans were made for a representative from one of Ohio's 30 clubs to speak at the next session, outlining program and organizational ideas for the new club.

Newcombe Tops Cards in First Test With Redlegs

Former Dodger Ace Gets His Opening Win of Season

CINCINNATI (AP) — "One rose doesn't make a summer," says Manager Birdie Tebbetts, but there is no getting around the fact the Cincinnati Redlegs' National League pennant hopes have been given a quick shot of vitamins by Don Newcombe.

Whether the vitamins continue to work remains to be seen, of course.

Wednesday night, however, Newcombe, the former mainstay of the old Brooklyn Dodgers, looked like the Newcombe of old as he hurled the Redlegs to a 6-1 victory over the St. Louis Cardinals.

Newcombe, a disappointment with the Dodgers last year, had an 0-6 record with the club at Los Angeles when Cincinnati got him in a trade earlier this week.

Gives Up 6 Hits

He allowed only six hits and, after a spell of wildness the first couple of innings, never was in trouble until the ninth when three straight singles loaded the bases with one out.

"I was trying to get ahead of them and they were hitting the first pitch," said the grinning and perspiring Newcombe about that ninth inning.

The last two batters never got the ball out of the infield.

Newcombe's fastball was crackling all through the game and he said, "I was throwing it 80 per cent of the time."

"I was throwing harder than at any time this season," he added.

Tebbetts, declining to go overboard over Newcombe's performance, said, "We know he's sound and if he's sound, he can win."

In the ninth inning, however, Tebbetts heard some lusty boos from the crowd when he went to the mound to talk with Newcombe after the hurler had given up the three straight hits.

Tebbetts disclosed later he had no intention of removing Newcombe unless Big Don got the winning run on base.

Receives Chance To Finish

"It was very important for him to finish this game," said Tebbetts.

Newcombe said Tebbetts told him, "Take your time and finish this game. You're in the groove."

The big hurler admitted, "I was down, I really was" over his previous record this year.

Newcombe even contributed some scoring, singling to bring in the Reds' last run in their two-run seventh inning.

The teams had swapped home runs in the first inning, Stan Musial's coming first and equalled by Gus Bell.

But the Rhinelanders spurted to a 3-1 lead in the third. Alex Grammas' single and Jerry Lynch's triple produced one marker and after Bell walked, Lynch darted home on George Crowe's single.

Another Redleg run came in the fifth inning.

The last St. Louis game in this series is tonight with Redleg Bob Purkey slated to start on the mound against Sam Jones.

Newk Pitches Redlegs Back To Third Spot

By The Associated Press

Big Newk still can hum that pea.

The winless Don Newcombe, whom the Los Angeles Dodgers gave up on last Sunday, became a winner again Wednesday night for Cincinnati, shrugging off a first inning home run by Stan Musial and blanking St. Louis on five hits the rest of the way for a 6-1 victory.

It was Newk's first start for the Redlegs, who climbed back into third place in the National League with the big right-hander's first victory in seven decisions.

It was a night for good pitching in the NL. Second place San Francisco defeated Pittsburgh 2-1 in 10 innings on the four-hit pitching of young Paul Giel and the clutch relief of veteran Marv Grissom. Rookie Stan Williams gained his second major league victory and shutout with a four-hitter as Los Angeles defeated Philadelphia 3-0.

Rain idled Milwaukee and the Chicago Cubs, with the Braves leading 1-0 in the second inning. That cut Milwaukee's lead over

Eaton Nine Wins First Half Crown

Eaton nipped Local 1949 Wednesday night at Garfield 1-0 to nail down the first round title in Industrial League No. 2 action but the victory has been protested by the union team.

a single loss, pushed over a single run in the bottom of the sixth. The winners had been held hitless up to that point by Gary Meister. Then Gorham and Chuck Allman collected hits. A sacrifice and an outfield fly produced the run. Gorham went the distance for Eaton, scattering four base hits. Taylor had two of Local's hits with the others going to Hunt and Meister.

The losers filed the protest over a reversed umpire's decision.

In other action last night, Fairfield moved into a second place tie with Local 1949 by clipping General Telephone 6-4 and Erie belted Local 750 by a 17-11 count.

Fairfield grabbed a 2-0 edge in the first period but the Telephone nine shoved over single runs in the second and fourth to knot the count. The winners regained the lead with one in the fifth and one in the sixth but Telephone cut its deficit to 4-3 in the bottom of the sixth.

Fairfield combined two base hits, a walk and an interference call in the top of the seventh for two runs and the victory. The losers managed to score one in the bottom of the seventh before Fairfield's Greg Koudelka put down the threat. Seiter led the winning attack with two doubles and a walk and he scored three of the runs. Elwood and Smeltzer collected the other hits. Taylor had two doubles and a single for three of the losers' hits. The other was by Cartmill.

Erie scored five runs in the

Clark Metal, Alloy Capture Pony Victories

Alloy belted VFW, 10-3, and Clark Metal hammered G&G, 15-5 in Pony League play Wednesday night.

Alloy, with Cudd on the rubber, scored 10 runs on nine hits and made one error. The victors scored five runs in both the third and fifth frames.

VFW, Paulus on the hill, tallied three times on four hits and was charged with two bobbles.

Cudd turned in a masterful job on the mound, striking out 17 VFW batters and allowing only two VFW runners to reach first via the free pass route. Britz, Alloy third baseman, aided Cudd's effort with a double.

Clark Metal racked up 15 runs on 12 hits and made five errors in beating G&G by a 15-5 count. The latter came home five times on a pair of hits and were also guilty of a quintet of boots.

LaSeta hurled for Clark, getting credit for three strikeouts, giving up four bases on balls and two hits. Wilcox was nicked for the defeat, but was joined on the mound by Robinson and Gilbert, neither of whom could cool the potent Clark bats.

Top batter for Clark Metal was Wolf, LaSeta's battery mate, who rapped three hits, one of them a double. Hall had a triple for Clark, while G&G's Baker chalked up a two-base hit.

Rochester Hands Jets Double Defeat

By The Associated Press

Havana, Miami and Richmond notched single game victories Wednesday night in the International League while the Rochester Red Wings swept a doubleheader from Columbus.

Havana eked out a 4-3 victory over Montreal, while Miami defeated Toronto 7-2 and Richmond manhandled Buffalo 8-1 in single games, and Rochester won 3-0 and 8-2.

Rochester used the ninth inning to take its pair from Columbus. The Red Wings won the first game as Ray Katt, just acquired from St. Louis, hit a two-run homer in the second extra inning of the first game.

Rochester scored six runs in the nightcap ninth inning to junk a 2-2 tie.

6 Races Set for Friday At Richwood Speedway

Six races are carded for Friday night stock car action at the Richwood Speedway. Last week's program succumbed to the inclement weather.

Time trials this week are slated for 7:30 p.m., with the first race to be flagged off at 8:30. A novice event will be an added attraction if enough cars can be entered.

Record Entry List of 78 Pacers Eligible for Little Brown Jug

DELAWARE — The record entry of 78 three-year-old pacers in the 13th Little Brown Jug here Sept. 18 includes 30 midwest-owned eligibles, with 22 from Ohio, including three from Delaware. And Thorpe Hanover, winter book favorite from Pennsylvania, now has a tough rival for top honors in O'Brien Hanover, a stablemate who has drawn first blood.

Joe Neville and Hank Tomson, who are directing the 1958 Grand Circuit meeting worth $150,000 at the fast half mile track at the county fairgrounds here, announced today that the purse for the Jug will exceed $70,000 this year as the middle leg of the coveted Triple Crown of pacing.

Although no filly has ever won the Little Brown Jug since its inception, there are 17 fillies in this year's renewal during the Sept. 15-18 Grand Circuit meeting. Two of these, owned by Gene and Don Hayes of Du Quoin, Ill., are by Dudey Hanover who copped the 1950 Jug. The Hayes' Lusty Song won the Hambletonian Stake that same year to set an unbroken record.

Del Miller, who is responsible for Thorpe Hanover and O'Brien Hanover and doesn't know today which he likes best, is one of only two drivers who has won both of the harness racing's greatest stakes, the Jug and the Hambletonian, the same year. He piloted Dudley Hanover and Lusty Song in 1950. Johnny Simpson also won both events in 1957 with Torpid winning here and Hickory Smoke at Du Quoin. Simpson has the added distinction of having won the Jug two years in a row — a feat no one has duplicated.

Tar Heel, victor in the Jug here in 1951, when he set the fastest time for a winner at 2:00, is the sire of both Thorpe, Hanover and O'Brien Hanover, as well as other candidates for top pacing honors. And to give fillies their just due, Dottie's Pick, as a fast-stepping lady sidewheeler, equalled Tar Heel's 2:00 mile by winning a heat of the 1955 Jug in the same time.

Indians Get 3 Hits

Yankees Take 3-2 Victory Over Tribe

CLEVELAND (AP) — To say New York Yankee pitching has shackled Cleveland batting is an understatment.

For the second game in a row the Indians managed only three hits off the hurling of the American League champions Wednesday night. Art Ditmar and Ryne Duren teamed up to toss a 3-2 victory over the Tribe.

The first frame told the story of Cleveland's loss.

Hank Bauer, the first batter, slammed a fast ball thrown by Jim (Mudcat) Grant over the left field fence. Two outs later, Bill Skowron singled and rode home when Elston Howard smashed a home run beyond the left center field screen.

That was all the scoring for the Yanks as Grant bore down and limited them to three hits in the next eight frames. He fanned six and walked four.

But Cleveland hitters were weaker against starter Ditmar and Duren. Holding the Tribe hitless for 5 1-3 innings, Ditmar finally yielded two runs in the sixth on an error, singles by Minnie Minoso and Mickey Vernon and a sacrifice fly by Rocky Colavito.

After Grant doubled over Mickey Mantle's head in the center with two out in the seventh, New York Manager Casey Stengel summoned Duren in from the bullpen. The fireballing relief ace retired the next seven batters.

Gary Bell (2-0), who hurled two hitless innings the last time he faced the Yanks, attempts to salvage the final game of the three-game set today. He is opposed by Johnny Kucks (4-3), who lost both ends of a doubleheader against Cleveland

Longest Course of Year

Bolt Leading Field of 134 Into Action at Flint Event

FLINT, Mich. (AP) —The longest course of the year and the biggest prize so far challenged pro golf tourists today with the start of the $52,000 Flint Open Tournament.

National Open champion Tommy Bolt put his new reputation on the line in going after the winner's pot of $9,000, sought also by numerous other top names of the pro set.

Warwick Hills, scene of the battle, confronted the pros with 7,280 yards — the longest any have played this year. Its par is 72.

Experts say Bolt, despite his new found temperament control system, will have trouble. That would be because of the strain all golfers experience in winning the Open. They don't ordinarilly come back fast.

A field of 145, including 134 pros and 11 amateurs, was entered. All in all, it was sized up as a faster field than that which took part in the Open.

Among the missing top men was Cary Middlecoff. Middlecoff withdrew because of the wrist injury suffered in the last round at Tulsa last week.

Among the contenders were South Africa's Gary Player, runnerup in the Open, and Arnold Palmer, Ken Venturi, Gene Littler and Dow Finsterwald.

Columbus Youth Fails In Cross Country Effort

COLUMBUS, Ohio (AP)—An 18-year-old cross country runner, who set out Wednesday night to run from here to Cincinnati, collapsed after covering about 20 miles. He was still 107 miles from his goal.

Tom Morlan, a former Columbus Central High School runner, was reported to have collapsed just north of Mount Sterling along Ohio 3 near the Madison-Pickaway County line. He was revived by friends, but fainted again and was brought back to Columbus.

Morlan said he was razzed into running to Cincinnati where he is to take part in the Eagles convention there.

Radnor Wins 14-5 Over County Nine

RADNOR—Radnor's high school baseball team clipped New Bloomington 14-5 in a Marion County League game here Wednesday night. The contest was stopped after five and one-half innings by fog.

The Trojan nine came up with four runs in the second inning and added three in the third, four in the fourth and three in fifth. The winners pounded out 10 hits off Larry Basel and Bill Gracely.

Ted Coonfare was the winning pitcher although he was forced from action in the fifth inning after being hit by a line drive off Gracely's bat. Gracely collected two of New Bloomington's four hits.

Ralph Garrison cracked a single and a triple for the winners while Richard Garrison and Harold Gearhiser each had a pair of singles.

New Bloom.	020	102—	5	4
Radnor	043	43x—14	10	3

Basel, Gracely (5) and Bumgarner; Coonfare, Bumgarner (5), Waddell (6) and Richard Garrison.

In the first World Series in 1903 each winning player received $1,182. In 1954 each member of the New York Giants getting a full share received $11,147.90.

Former Grid All-American Aiding Giants

PITTSBURGH (AP) — "Paul Giel is the pitcher who can make the San Francisco Giants a real pennant contender."

That's what Giant manager Bill Rigney said Wednesday night after his club nipped the Pittsburgh Pirates 2-1 in 10 innings.

The victory left the Giants two games back of the league-leading Milwaukee.

Rigney, who had benched Willie Mays and drastically shaken up his lineup, held court in the dressing room while Giel accepted congratulations for his four-hit victory.

Giel now has a 1-1 record since his recent recall from Phoenix. The victory was his first in the majors since a two-year tour of Army duty. A former All-America football player at Minnesota, he passed up a pro football career to go with the Giants for a sizable bonus.

At one stretch Giel retired 16 Pirates in order. He was not around at the finish, however, and he was a little disappointed. Rigney called upon veteran right-hander Marv Grissom after Giel had given a leadoff single to Bill Mazeroski in the 10th and had a two-ball and no-strike count on pinchhitter Dick Schofield. Grissom got Schofield on a foul, struck out pinchhitter Johnny Powers and forced Bill Virdon to ground out.

"Naturally, I wanted to finish the game but Rigney is running the ball club and he knows more about baseball than I do," Giel declared. "Grissom is a great pitcher."

Steve Bilko of the Cincinnati Redlegs struck out 105 times but drew 104 bases on balls for the 1956 Los Angeles Angels. He hit 55 home runs that season.

National City, Wilhelm, Isaly Post Victories

A pair of American League games and one in the National loop were played Wednesday night in Little League action. In American play, National City Bank defeated Marion County Bank, 4-2, and Isaly romped over Mac's Trading Post, 12-2, in a game called in the fifth frame due to the 10-run lead rule.

In National loop play, Wilhelm slipped past the Fahey Bankers, 7-6.

National City Bank scored four runs on four hits and made three errors in triumphing over the Marion County nine. The latter tallied twice on two hits and made one bobble.

Marion County had a 1-0 lead going into the fifth when the City bankmen unloaded a blast at County Bank pitcher Taylor that produced four runs. The Countians went on to get one more run in the sixth, but that was all.

Thomas got credit for the win. Taylor was tagged with the defeat. En route to the decision Thomas registered 10 strikeouts and gave up five bases on balls. Taylor was good for nine whiffs and allowed one Cityan to stroll.

To date, Thomas has hurled 20 innings for the yet to be defeated National City Bankers, who have won seven in a row. He's given up nine walks and has set 45 opposing stickmen down swinging.

The victors' Armstrong was credited with a double.

Isaly, with Leonard doing the mound chores, scored twice in the first inning, three times in the second, once in the third, four times in the fourth and twice in the fifth to humble Mac's, 12-2. The Macmen managed one run in the second and another in the fourth.

All told, Isaly got 12 runs on seven hits and made one error. Mac's had two runs on three hits and booted the ball three times.

Leonard registered eight strikeouts and walked six. Crist started the game for Mac's, with Caudill coming on in relief in the fourth. Caudell was charged with the defeat.

Mac's Carpenter got a pair of doubles. Wyle, Steveson and Eby had two-base hits for Isaly. Steveson also slammed a home run.

Wilhelm turned back the Fahey Bank nine, 7-6, in the only National League game played.

With Myers earning the win, Wilhelm scored one run in the first, fell behind 4-1 when Fahey tallied four times in the second, then came back to get two runs in the third, three in the fifth and another in the sixth. Fahey almost evened things up by scoring two runs in the sixth, but Myers put out the fire in time to save the victory.

Merchant was tagged with the defeat.

Penix poled a double in the fifth for the Wilhelm cause.

Local Keglers Share Purses

Several local teams and individuals captured prizes in the 54th annual Ohio State Bowling Association Tournament, recently completed at Lorain.

In squad action, the Goebel Beer keglers, Toppers, Pabst Blue Ribbon, Corner Grill and Prospect Sportsman Grill teams carried off cash awards.

In two-man team play, Marionites helping share prize money included Elmer Schultz and W. P. Applegett, Tom Blair and Max Zeigler, Ken Abbott and R. Eicher, John Bradshaw and Walt Threlfall, Joe Nicolosi and Dick Moran, Harold Biggerstaff and Loat Harrell, Charles Bloomingdale and L. Johnson, Glen Penry and Tom Winston and Tom Roberts and H. Weddington.

Prize money distributed to tourney keglers totalled $39,371. S&Z Tool and Die from Cleveland took the state team championship with a score of 3077 pins. John Schindler and Larry Klein, also of Cleveland, carried off top honors in doubles play with a 1272 score, while Steubenville's Joe Corsi wound up with singles laurels with a 674-pin total. Cleveland's Tom Suchan posted a score of 1898 for high in the all-events action.

Road Eagles Meet

The Marion Road Eagles at a Tuesday night meeting voted to withdraw from the Mid-Ohio Timing Association in order to form an association with two other Marion clubs.

Eleven members attended the Tuesday meeting held at the club's garage. Club members set July 27 as the date for its reliability run. The event will be held at Lincoln Park at 1:30 p.m.

Yesterday's STARS

Pitching — Stan Williams, Dodgers, rookie right-hander walked seven, but struck out six and blanked the Phillies on four hits 3-0, pitching no-hit ball after the fourth inning for his second victory, second shutout.

Hitting — Elston Howard, Yankees, had two of New York's six hits, one a two-run homer that proved the clincher in 3-2 victory over the Indians.

John Donatucci, former Villanova College athlete, is the shortstop for the Durham Bulls in the Carolina League.

Casey Unable To Use Three New Pitchers

By The Associated Press

Poor old Casey Stengel. His New York Yankee pitching staff was so thin he had to get some help with a trade. So what happens?

Southpaw Whitey Ford spun a three-hit shutout at Cleveland Tuesday. Then Case hauled Art Ditmar out of the bullpen Wednesday night and the right-hander pitched a no-hitter for 5 1-3 innings in his first start before getting reliever Ryne Duren's help for a 3-2 success over the Indians.

All of which leaves Duke Maas and Virgil Trucks, picked up in a deal with Kansas City, and Zack Monroe, recalled from Denver, still sittin' on their pinstripes.

Second place Boston, eight games back, blasted a 33-inning shutout string by Chicago pitching, hammering five home runs in a 13-9 victory over the White Sox. Baltimore defeated Kansas City 5-3. Detroit and Washington were idled by rain, but the Tigers moved into a third place tie with Kansas City.

Young Milt Pappas (4-1) gave up only five hits and two runs in his seven innings and produced the lead run with a double for the Orioles. A two-run homer by Gus Triandos, his 14th, triggered a three-run Baltimore sixth, junking Murry Dickson's shutout bid. Dickson now is 5-3.

Marty Keough, hitting his first in the majors, Don Buddin, Jackie Jensen, Ted Williams and Frank Malzone homered for the Red Sox, with Jenson's typing Bob Cerv of the A's for the AL lead at 17. Williams and Malzone homered in a six-run eighth off losing reliever Gerry Staley (1-5) that overhauled an 8-7 Chicago lead.

Yama Bahama Takes Win in Gavilan Fight

MIAMI BEACH, Fla. (AP) — Young Yama Bahama considered a campaign in the welterweight boxing ranks today after belting out a solid victory over former welter king Kid Gavilan.

Bahama, 25, a former fishing guide from Bimini, took a quick early lead over Gavilan in their televised fight Wednesday night in the Miami Beach Auditorium and the Cuban Hawk, a slowed-down battler at 32, had nothing with which to rally.

Judge Eddie Thal gave Bahama the most onesided score, 100-92. Referee Jimmy Peerless scored it 98-94 and Judge Stu Winston 99-93. Bahama was a 98-93 winner on The Associated Press card.

Bahama, who has campaigned fairly successfully as a middleweight said after the fight he might have a go at the welters, in view of his easy night against Gavilan. It'll be no trouble to make the weight, he added.

The win over Gavilan was the 49th for Bahama against eight losses and one draw. At 151¼ pounds, he was a half-pound heavier than the Cuban Kid. Gavilan's career record now is 106-30-6.

Chamberlain Signed

NEW YORK (AP) — Wilt (The Stilt) Chamberlain, seven-foot ace of the University of Kansas, Wednesday turned his back on his final year of college cage eligibility by signing a one-year contract with the Harlem Globetrotters for a reported $65,000.

Poor Guessing Causes Slump, Aaron Insists

MILWAUKEE (AP) — Free swinging Hank Aaron of the world champion Milwaukee Braves has a disarming explanation for the worst slump of his brief but brilliant major league career:

"I just ain't guessing right."

If that sounds implausible coming from the National League's most valuable player of 1957, it shouldn't. The 24-year-old wrist hitter always has insisted that guessing correctly has enabled him to make $30,000-plus a year.

But, he admitted Wednesday night after the Cubs-Braves game was washed out by a cloudburst, his mind's eye is myopic right now.

Aaron is fumbling along at a .265 rate, with 10 homers — none in Milwaukee — and only 27 runs batted in.

A year ago, when he led the league in home runs with 44 and RBI's with 132 and finished up with a tidy .322 batting average, he was hitting .335 at his ime — with 19 homers and 52 RBI's.

"I know I'm doing real bad," he said. "Nobody has to tell me that. But I'm not worrying none. I don't want any help from anybody either. I'll get out of this trouble my own way — I'll just keep swinging."

Added statistical evidence of Aaron's slump is the fact that he has left 47 runners stranded in scoring position and hit into 12 double plays. If he continues his present DP pace, he'll surpass Ernie Lombardi's major league record of 30 for a single season set 20 years ago.

San Francisco to two games.

The Giants, benching the slumping Willie Mays, made it on singles by Bob Schmidt and Whitey Lockman that sandwiched a walk by Bob Friend, who had pitched shut out ball after giving up a first inning run on a balk.

Giel, 25, whose only other decision was a 2-1 loss to Pittsburgh last week, gave up three singles and the tying run in the third Wednesday night. Then he blanked the Bucs without a hit, retiring 16 in order, before giving up a single in the 10th. Grissom, 40, saved it.

Mays, 5-for-40 after grounding out as a pinch-hitter, still leads the NL with a .382 average. Musial, the runnerup, has .376.

Williams, 21, walked seven, but pitched no-hit ball after the fourth at Philadelphia and won it on Joe Pignatano's first home run in the majors. It was a two-run shot in the fifth that set off a barrage of beer cans from the fans, who thought it a foul ball.

Commission Attempts To Speed Softball Play

The Marion Softball Commission at a meeting Wednesday night took steps to speed up action in the four city leagues at Garfield Park.

The group decided to stop pregame infield practice and to send two scorebooks to the park. Each team will be required to have its starting lineup in the unused scorebook at least 10 minutes before game time.

The new plan will go into effect next Monday night for the balance of the season. Harold Smith, secretary of the commission, said the new plans were adopted on a trial basis in an effort to complete each night's play at an earlier hour for the benefit of the fans.

Torpid, 1957's Harness Horse of Year, Retired

HANOVER, Pa. (AP) — Torpid, harness horse of the year in 1957, will be retired from racing because of lameness, his owner, Max Hochberg of Irvington, N.Y., said today.

first inning and eight in the seventh to beat back Local 750. The winners pounded out 12 base hits and were aided by six errors by the opposition.

Roseborough smacked a home run and two singles to lead the winners' offense. Yost added a pair of singles and Metz cracked a homer. Paulus and Sloat collected triples for the losers with Ralph and Reid each hitting doubles. Jack Daum and Floyd Darnell hit singles to round out the attack.

It is mandatory to wear red clothing while hunting in Utah.

Marion Trotter Grabs Hilliards' Feature Race

The winner of the featured trot at the Hilliards Raceway Wednesday night, in an exciting photo finish, was Jugurtha, bay mare owned by Marion's Frank Bruno. Jugurtha edged out the favored Pay Skipper to pay $12.60 to $2 bettors.

Driving the seven-year-old trotter was Ray Rankin.

Providing tde biggest payoff for the night—$25.80—was Bettina, winner of the fifth race. The $11.40 daily double was the night's slimmest return.

Major league bases are 15 inches square and between 3 and 5 inches in thickness.

Snag Is Struck At Cleveland in Building Pacts

CLEVELAND (AP) — No one seemed sure today what would come next in the confused Cleveland area construction labor dispute that appeared for a time Tuesday night to have been settled.

An afternoon session Wednesday, planned originally for the signing of the agreement, broke up in disagreement over whether a seven-week-long work stoppage affecting 30,000 workers would end and on what terms.

Tossing the monkey wrench in the settlement machinery was the 200-member Asbestos Workers Union. This is the smallest of the 17 craft unions that have been represented by the Building Trades Council in negotiations with the Building Trades Employers Assn. and Associated General Contractors.

The Asbestos Workers rejected the agreement for a 37-cent hourly wage increase spread over three years. The compromise wage pact, proposd by Cleveland Mayor Anthony J. Celebrezze as mediator, had been accepted in joint negotiations.

Carl W. Sickles, international president of the Asbestos Workers, said in Washington that his union's main objection to the agreement was that it failed to close the 2½-cent hourly gap by which asbestos workers trail the $3.74 hourly rate now applying to other top trades.

Wagner Selected By Fire Fighters

A constitution and by-laws were adopted and officers elected when the Marion County Fire Fighters Association held its first county-wide meeting Tuesday night at the Morral-Salt Rock fire house.

Seventy members from the various volunteer fire departments attended.

The officers, who will serve until the annual meeting in March, will include Ralph Wagner of Pleasant Township, president; Calvin Retterer of Waldo, vice president; M. E. Stafford of Caledonia, secretary, and Dale Washburn of Morral, treasurer.

Guest speaker for the evening was Louis Helmke, of the Fire Prevention Bureau, State Fire Marshal's office. He discussed the many benefits volunteer fire departments could receive by having a county association and conducted a question and answer period following his talk.

The executive committee of the association will hold a meeting in the near future to plan a fall meeting.

Ohio Auto Tags for '59 Will Be Red on White

COLUMBUS, Ohio (AP) — The 1959 Ohio automobile license plates will have a white background and red numerals and letters.

William Bishop, Ohio Penitentiary business manager, said Wednesday about 200 inmates are busy stamping out and painting the new license plates, which will go on sale March 1, 1959.

It takes more than 75 railroad cars to haul the steel needed for the plates. Penitentiary inmates made 4,114,487 pairs of 1958 license plates for every type of motor vehicle registered in Ohio. Indications are the number needed next year will be as large.

The inmates will work through February finishing the 1959 plates, using up 2,300 tons of steel and 21,000 gallons of paint. They can turn out about 32,000 plates a day.

Department Store Sold

PAINESVILLE, Ohio (AP)—Gail G. Grant Jr. Wednesday sold the department store his father founded in 1893 to Charles M. Winer of Painesville for a half-million dollars. The four-story building on Main Street is Lake County's oldest and largest department store.

COLUMBUS, Ohio (AP) — The 13th state conference of the Ohio Highway Patrol Auxiliary, meeting here Saturday and Sunday, is expected to draw 1,000 persons from all 88 counties.

Cincinnati Driver Charged in Mishap

A Cincinnati driver was charged with failure to stop within assured clear distance after his auto struck the back end of another on Rt. 42 two miles south of Mount Gilead at 2:10 p.m. Wednesday.

Investigating officers of the Marion post identified the Cincinnati man as Archie H. Cheney, 50. Hi auto struck one driven by Thomas E. Mansberger, 20, of Galion, which had slowed for traffic, patrolmen said.

Both vehicles were considerably damaged. Cheney will appear before Mayor Ralph Porterfield of Mount Gilead to answer the charge.

Mansberger was admitted to Galion Community Hospital for treatment of a neck injury.

Hearing on Ditch Petition Held Here

First hearing on an amended petition for improvements to the Blum Run ditch northeast of Marion was being held this morning in the county commissioners' office in the Courthouse.

Petitioners in the Fair Park Addition are seeking clousure of a 1,725-foot section of the run along its course just east of the addtion, and widening, deepening and straightening of the waterway.

The ditch originates just north of Fairground St. and continues north to the Williamsport Rd. (County Rd. 162). Both the original petition, which was filed last fall, and the amended petition were submitted by George F. Scantland and the National Development Corp., represented by Ralph Howard.

Will Attend Conference

Chris Turoff, owner of Turoff's Restaurant here, and Mrs. Edna Hollanshed of Holly's Restaurant in Waldo, will be in Columbus Sunday and Monday attending sessions of a workshop conference sponsored by the Ohio State Restaurant Association.

Mr. Turoff is president of the Nortt Central Ohio Restaurant Association, while Mrs. Hollanshed is is executive secretary.

The program agenda includes conferences on management, program planning, training setup and public relations and publicity.

Lester E. Williams, 82, Native of Marion, Dies

Lester E. Williams, 82, of Royal Oak, Mich., a native of Marion, died unexpectedly at his home late Wednesday.

Born near Meeker, he moved to Michigan from this area 40 years ago.

He is survived by his widow, the former Grace Robinson, and several cousins in this area.

Services will be held Saturday at the Sullivan Funeral Home there.

Action for $50,000 Filed in Accident

A suit for $50,000 was filed in Common Pleas Court Wednesday by Charles Russell Sr. of 669½ W. Center St., administrator of the estate of Charles Russell Jr., deceased, against Mary Elkins of 674 Sugar St., administratrix of the estate of Garland E. Elkins, deceased.

The action is another in connection with an auto accident on Kenton Ave. Dec. 29, 1957, in which four persons were killed, including Russell and Elkins.

The petition alleges that Russell was a passenger in a car driven by Elkins and that the driver was exceeding the speed limit at the time of the mishap, which contributed to the severity of the accident.

The accident happneed about 1:03 a.m. Dec. 29. The car driven by Elkins was westbound on Kenton Ave. The other auto, going east, was operated by John W. Cremeens. Cremeens also was killed.

City Can't Take Tickets From Private Auto Lot

Mayor Wendell L. Strong reminded citizens today that the city has no connection with a privately-operated parking lot on the east side of N. Prospect St. just north of W. Center St.

He said that many persons who park in the lot and are ticketed by the private operators for overtime parking there are bringing their tickets to City Hall and attempting to pay them. The city cannot accept payment for these tickets, he said.

City police have no authority on the private lot and have been instructed to take no part in any dispute that may arise between persons parking there and the private operators, the mayor said.

Right-to-Work Backers Open Drive in Ohio

COLUMBUS, Ohio (AP)—Crews of college students are now working for Ohioans for Right to Work, Inc., in an effort to get the 354,210 valid signatures needed to put the so-called right-to-work issue on the November ballot.

Wednesday's announcement by the organization said about 50 students had been hired for an indefinite period to circulate petitions. The students, hired through advertisements in college newspapers, are on $18-a-day drawing accounts, the announcement added.

Jackson Elliott, public relations officials for the organization, said circulators were hired because intimidation had cut the ranks of volunteer circulators.

The needed signatures, 10 per cent of the 1956 gubernatorial vote, must be submitted to Secretary of State Ted W. Brown by Aug. 5.

The petitions seek to amend the state constitution to prohibit union shops, under which an employe is required to join a union within a specified time of employment.

STRAWBERRY BAVARIAN DESSERT

LOOK suggests you try this molded dessert—elegant but easy to make. It combines fresh strawberries with gelatin, lemon juice and heavy cream. It's the perfect made-in-advance dessert.

Dissolve 1 tablespoon unflavored gelatin in ¼ cup cold water. Combine in top of double boiler the gelatin, ½ cup sugar, ¼ teaspoon salt, ¼ cup hot water. Cook until gelatin melts, stirring constantly; remove from heat. Stir in 1 cup crushed fresh strawberries, 3 tablespoons lemon juice; chill until mixture becomes jelly-like consistency. Whip 2/3 cup heavy cream; fold into gelatin mixture. Pour into ungreased 1-quart mold (or use individual molds). Chill about 2 hours or until firm. Unmold. Serve garnished with whipped cream, fresh whole strawberries. Serves 4. For news in food and meal planning, see the current issue of LOOK Magazine.

'Where's Charley?' Opens Columbus Run of Musicals

COLUMBUS — Paul Winston's Music Theater will present 12 musicals at the Veterans Memorial here this summer. Top Broadway, Hollywood and television stars will be seen in leading roles. Climaxing the season will be the pre-Broadway premiere of an Alfred Drake vehicle slated for Broadway presentation early in 1959.

The season opens with Eddie Bracken in "Where's Charley?" Tuesday, June 24, followed by Carla Alberghetti in "Kismet," July 1.

The third offering is "Wonderful Town," the story of two girls from Columbus who go to New York in search of fame and love. Alexis Smith will star in the show, which opens July 8.

Allan Jones will be seen in Cole Porter's "Silk Stockings" July 15 and Metropolitan opera star Mimi Benzell will star in "Song of Norway," opening July 22.

Completing the first half of the season will be "Finian's Rainbow," which will open July 29.

Doretta Morrow will appear in the leading role in "Kiss Me Kate" Aug. 5, followed by Howard Keel, Hollywood's golden baritone, in "Carousel" Aug. 12.

Doretta Morrow plans a return engagement in "Roberta" opening Aug. 19.

Frank Loesser, who wrote the season's opener, will be represented again by "Most Happy Fella" opening Aug. 26. Gretchan Wyler will re-create her original starring role in "Damn Yankees" Sept. 2.

"The Happy Journey," starring Alfred Drake, closes the season Sept. 9. This Drake musical, in which he both stars and directs, will move into rehearsals in November to prepare for Broadway in 1959.

The shows will play seven performances in six days here. Curtain times Tuesday through Saturday will be at 8:30 p.m. and Sunday performances are to be given at 2 p.m. and again at 7:30 p.m.

Open Conference

CLEVELAND (AP) — The 48th quadrennial general conference of the Seventh-Day Adventist Church opens here tonight. A crowd of 10,000, including 1,200 official delegates from 90 countries, is expected. The conference continues through June 28.

Donald E. Hunter, president of the Ohio Conference of Seventh-Day Adventists, will welcome the delegates and guests at Cleveland Public Auditorium following an address by Adventist world President Reuben R. Figuhr, Washington, D.C.

New York Stock Market

NEW YORK (AP) — The stock market's losses deepened early this afternoon as trading slackened.

Early fractional losses were expanded to a point or more among key stocks. Chemicals, oils, rails, nonferrous metals and selected steels, motors, rubbers and tobaccos were on the downside.

The market continued its reaction from a string of four successive new highs for the year. News background included a statement by President Eisenhower that there are clear indications of business improvement; and a proposal by Interior Secretary Fred A. Seaton that the government boost support prices on lead and zinc.

Technical market conditions included the largest "short interest" since the New York Stock Exchange first started keeping these statistics in May 1931.

American Tobacco dropped about 2 points while U.S. Tobacco and Lorillard were off fair-sized fractions.

Anaconda and Kennecott dropped a point or so. Chrysler was down about a point for a while but reduced this loss. General Motors eased.

U.S. Steel and Bethlehem were each down sizable fractions. Republic Steel edged ahead.

U.S. government bonds were lower.

Akron Woman Killed in Union County Crash

DELAWARE — An Akron woman was killed and her husband was injured Wednesday noon when the auto in which they were riding went out of control on Rt. 42 and overturned just northeast of Plain City, Delaware post patrolmen reported.

Killed was Mrs. Catherine E. Burke, 57, a passenger in the car driven by her husband, William C. Burke, 62, of Akron.

She sustained a crushed chest when the auto rolled over on top of her after she was hurled out of the front seat.

She was pronounced dead upon arrival at Union County Memorial Hospital in Marysville where she was taken by a Ferguson ambulance. Mr. Burke was admitted for treatment of fractured ribs and shock.

Patrolmen said the mishap occurred when the Burke vehicle dropped off the right edge of the berm and careening out of control, crossed the road to strike an embankment and flip over on its top. The auto was demolished.

CIRCULAR CELEBRATION. Danish chefs mark the passing of final qualifying examinations by dancing around fountain in Copenhagen. Other groups celebrate in like manner.

Protest Group Wins

LORAIN, Ohio (AP) — The 10,000-member National Tube Division Local 1104 of the United Steelworkers Wednesday voted long time leaders out of office and elected candidates supported by a group that opposed last year's dues increase. Michael Busich won over three other candidates for president. The dues protest group captured 14 of 21 offices.

Inspection Without Warrant Upheld in Ohio's High Court

COLUMBUS, Ohio (AP)—A Dayton city ordinance, permitting inspection of homes and buildings without a search warrant for the purpose of checking housing standards, was upheld Wednesday by the Ohio Supreme Court.

In unanimously upholding an Appellate Court decision, the high court said the ordinance required building owners to admit inspectors "upon showing appropriate identification . . . at reasonable hours."

The case grew out of a habeas corpus action by Earl Taylor of Dayton, who was taken into custody on a charge of refusing to permit inspection of his private residence under provisions of the ordinance. Inspectors were looking for unvented space heaters and various building ordinance violations.

The appellate action reversed a Common Pleas Court decision which held for Taylor.

In another decision, the high court reversed decisions by common pleas and appellate courts in a dispute over plans to establish a recreation area in a district zone for residences in Lake County.

Mentor Lagoons, Inc., had asked zoning officials to allow an area for polo, trap and skeet shooting on Mentor Harbor Boulevard.

The request was rejected by the Mentor Twp. Zoning Board and the ruling was upheld by common pleas and appellate courts.

The Supreme Court, however, termed reasonable the board's refusal to permit use of the area for trap and skeet shooting. But in a 5-2 decision the court added that refusal to permit polo, while allowing other uses such as golf course, was an unreasonable exercise of discretion.

It ordered the case returned to the zoning board with instructions to approve use of the area for polo.

Galion Man Fined After Auto Crash

BUCYRUS—A Galion area man was fined $10 and costs in Galion mayor's court Wednesday on a charge of unsafe operation after his car was involved in one of two traffic mishaps investigated during the day by Bucyrus post state patrolmen.

Officers said Ted W. Dickerson, 23, was arrested after his southbound auto went out of control on Rt. 61 just south of Crestline at 2 a.m. and struck and damaged 45 feet of guardrail along the highway. The car was damaged considerably.

A "fender-bender" mishap damaged two cars on Rt. 53 in McCutchenville at 4:25 p.m., patrolmen reported.

Cars involved were driven by Audrey M. Melroy, 34, of near Upper Sandusky, and Daniel L. Recker, 23, of near Perrysburg.

Patrolmen said the northbound Melroy car was slowed for traffic when the Recker auto struck it from behind. Recker was charged with failure to stop within assured clear distance and will appear in Upper Sandusky Municipal Court.

Two Children Drown In Creek Near Piqua

PIQUA, Ohio (AP) — Christine Little, 12, and Diane Lorane, 13, drowned Wednesday and another girl, Ginger Stambaugh, 14, was rescued from Spring Creek near here. All were from Rt. 2, Piqua.

Joe Cottrell, 24, who heard one of the girls scream, pulled Ginger from the water, but he told sheriff's deputies he was not aware of the other two until the rescued girl was revived.

The bodies were found in about eight feet of water. Authorities theorized that the girls stepped into the water while playing.

Oppose Amendment

WASHINGTON (AP) — Sens. Frank J. Lausche (D) and John W. Bricker (R) of Ohio voted Wednesday night against a tax bill amendment by Sen. Douglas (D-Ill) to reduce income, excise and small business taxes by 6 billion dollars. The Senate defeated the amendment, 65-23.

Only 1 in 15 Has Qualifications

Requirements High for U.S. Intelligence Agency Service

By JOHN SCALI

WASHINGTON (AP) — The toughest employment hurdles in the United States government are those set up before applicants for jobs with the critically sensitive Central Intelligence Agency.

Only about 1 in 15 makes the grade.

A whole section of a CIA headquarters building is taken up by elaborate equipment designed to probe the thoughts, feelings, inhibitions and rationality of those who would become American espionage agents.

Last of a Series

There's even a lie detector—and it's used as a matter of course. The rigorous tests are set up to weed out the security risks who may range from infiltrating Soviet agents to just plain blabbermouths.

—:—

RUMORS OCCASIONALLY make the rounds to the effect that the CIA pries unnecessarily into the sex lives of its women employes. The agency denies that it asks questions about what is regarded as normal sex experience.

The only sex question asked, says the CIA, is: "Are you a homosexual?"

A second question, which might have bearing on sex, is: "Have you ever done anything for which you could be blackmailed?"

As far as can be learned, the CIA is the only government agency that employs the lie detector on a mass scale as a normal personnel practice.

An applicant can refuse to take the test and still be hired but it is extremely unlikely. And if he is hired, his chances of advancement to a more sensitive post are virtually nil.

—:—

EVEN AFTER HE lands a job, a CIA employe may be asked to take the test again. Some employes have taken second and third tests after being suspected of wrongdoing while on the job.

The lie detector was not introduced by CIA chief Allen Dulles, who has held the post 5½ years. He inherited it from his predecessor. But he has continued it without apology.

Have the Russians ever succeeded in planting an operative inside the CIA?

There has never been a direct public answer to that question. Some time ago Dulles was asked about it and he skirted a flat yes-or-no reply.

"I naturally assume," he said, "that the Soviets will attempt to penetrate the CIA. . . I don't think they are going to find it easy, (but) we are going to keep on our guard all the time."

The dangerous role of spy holds a strange attraction for many wealthy socialites and college graduates who could take it easy or strike it rich in other fields.

—:—

DULLES ACKNOWLEDGES that 5 of his top 20 officals are independently wealthy, earning as much from outside sources as they do from CIA. This includes Dulles himself, a Princeton grad, who makes $21,000 a year as director.

The CIA operates on the theory that a person's Ivy League background, social graces or wealth should not bar him from a spot in the nation's espionage network.

What is more important, says CIA, is a person's competence, his dedication and his willingness to accept the anonymity that necessarily goes with the job. Those who treat the work as a glamorous sideline don't last long.

This policy apparently is paying off. A newsman checking into CIA's record finds surprisingly little criticism, even from those who turn a fishy eye on almost everything the Eisenhower administration does.

—:—

PART OF THE reason CIA has escaped widespread criticism could be the above-average quality of its rank and file employes. This has been noted by congressional committees and study groups who looked into its personnel.

CIA salaries follow closely the regular civil service scales. But Dulles, who probably operates under less restrictions than any other government department head, is not required to abide by those rules.

Salaries for new CIA employes are sometimes low. Some recruits quit early to seek more lucrative rewards in private industry. Many remain.

What holds them?

Mostly it's the lure of an exciting cloak-and-dagger existence combined with a deep sense of patriotism that keeps them on, year after year, playing a deadly, undercover war of wits against the Kremlin.

2 Unlikely References Given by Job Applicant

KETTERING, O. (AP) — A young man who applied for a job on the police force here supplied two references, an Ohio highway patrolman and the police chief of another community.

But when John Shryock, Kettering's police chief, got in touch with them, both expressed surprise and said they had met the applicant only once. Each had arrested him for a motor vehicle violation.

He didn't get the job, Shryock adds.

Loss of Temper Costs Wisconsin Man $260

MADISON, Wis. (AP) — It cost Orrin Stofflet Jr., 33, plenty recently when he purposely rammed a parked car belonging to his ex-wife's boy friend.

Total cost for fines and damages to Stofflet's car: $250 plus almost enough points for suspension of his driver's license.

Damage to boy friend's car: $10.

Medical Advances Help Baby With Heart Defect

By The Associated Press

About one child in every 200 to 300 is born with a heart that isn't just right. Some of these children have hearts in which there is so little the matter that the defect never interferes with their activities and they may live long and healthy lives. On the other hand some defects of the heart are so serious that a baby may live only a few months or even a few minutes.

In the last 10 years there have been great advances in the treatment of some kinds of congenital heart disease. Surgical techniques have been developed by which children with defective hearts can be made normal or nearly so.

—:—

THERE ARE several different kinds of defects of the heart that may be present at birth.

Patent ductus arteriosus is a defect that can often be treated surgically. This is a condition that exists normally before a baby is born and before he breathes air through his lungs. Before birth very little blood flows through the lungs; instead it goes through a passageway directly into the aorta, the big vessel that carries blood around the body. Normally this passageway closes when the baby takes his first breath and it grows tight shut in a few weeks after birth. When it fails to close, as sometimes happens, blood which should stay in the aorta and pass to the whole body slips through this hole and goes to the lung.

In patent ductus too much blood goes to the lung and not enough is left over to nourish the child. As a result the child does not grow well, is thin and lacks energy.

Within the last dozen years surgery for a patent ductus has been perfected so that many children with this defect can be made perfectly well and normal. The best time for this operation is decided for each individual child after a careful study of his particular case.

—:—

THE BLUE baby defect (called by doctors Tetralogy of Fallot) is quite the opposite of the patent ductus. In a blue baby an opening inside the heart permits blood that should go to the lungs to get oxygen, to go instead directly into the aorta and to the body as a whole. Not enough blood goes to the lung in a blue baby, so blood with very little oxygen circulates around the body. Blood with too little oxygen has a bluish cast. This is why these babies develop their peculiar color.

The general effect on the child is somewhat similar to that in patent ductus, though the causes are quite different. Although enough blood gets around his body, the blood is lacking in the most important substance, oxygen. Without oxygen the various parts of the child's body cannot grow normally. So the child who starts out as a blue baby does not grow normally and is weak and tired and irritable.

Modern surgery can correct the defect in many blue babies. Unfortunately not all blue babies can be successfully operated on. It depends upon just where and how big the defect in the heart is. Seldom can this very delicate surgery be performed until the child is about two years old.

Another type of congenital heart disease is called coarctation of the aorta. This means the aorta is pinched or narrowed in one place. Symptoms depend upon the severity of the defect. This type of heart defect can aso be successfully treated by the experienced heart surgeon.

Surgery on the heart is relatively new. Most large cities have cardiac centers where a child with congenital heart disease can have his defect minutely analyzed and where he can have surgical treatment if such treatment is indicated.

Vincennes, founded in 1731, was the first permanent white settlement.

Labor Probe Expected To Expose Mob Activity

By VICTOR RIESEL

Such is the terror of some businessmen and labor officials that they have deliberately asked the Senate racket busting committee to subpoena them so they can get FBI protection. For once under subpoena they become prospective government witnesses and Sen. John McClellan has pledged federal protection to those who promise to work with the staff of chief counsel Bob Kennedy.

VICTOR RIESEL

This terror rolled over several cities after the Senate committee had subpoenaed over 100 witnesses for its June 30 probe of the multi-billion dollar hotel and restaurant field — which is serviced by the union of essentially the same name. Among those subpoenaed are some nostalgic comrades of Al Capone.

These heads have been "testing" for several months now to see if the good old days could not be revived.

Their activities have included a short run of arson, beatings, anonymous gruff voices telephoning threats and warnings to company officials in several cities never to discuss cash payoffs — no matter what.

-:-

NO MINOR PROBE, this one. It stretches from New York to Illinois, Ohio and back to Pennsylvania — for the moment. The books and records of the Hotel and Restaurant Workers Union's national headquarters in Cincinnati have been gone over by McClellan committee probers.

There are many honest men in this union, of course, but Diogenes, looking for them, would have difficulty in some Midwest cities. In Chicago, he'd lose his lamp, to boot.

This probe will embarrass the national AFL-CIO high command. This union is one of its biggest affiliates — for it is listed in the U.S. Labor Department Directory as having 441,000 members in over 600 locals.

None of the thievery and brutality the McClellan investigators have exposed, none of the goonery which has passed over its witness stand, is as awesome as this hotel and restaurant probe. For this will prove that despite all federal and local inquiries, the mobs have continued to do their terror business as usual.

-:-

NOR HAS the terror been limited to this field of food and fancy living. The police files of many cities are jammed daily with stories. In one situation the hoods even directed union officers to leave their posts quietly — and forever.

As the McClellan committee spreads the expose across the front pages the first week in July, there'll be political fireworks to match anything that goes off on the national holiday.

There will be new public demand for laws to fight this terror. But for a score of reasons, there will probably be no anti-racketeering bills passed in Congress this session.

What happens then will depend on whether or not the Senate racket busting committee is revived next January for another year.

-:-

THAT'S POSSIBLE despite the drive on to let it wander over into the boneyard and lie down near the remains of the Kefauver probe. But that drive doesn't have the support of the man who speaks officially for American labor — namely George Meany.

He has told senators that the committee has helped the clean labor forces fight off the mobs.

Mr. Meany believes that there should be full public reporting of union finances. He has said, "The whole concept of the goldfish bowl is calculated to end corruption because crooks cannot operate in public." He is for "goldfish" laws.

It has generally been overlooked that when Mr. Meany told the Senate Labor Committee he would back some new laws, he also said:

"The wholesale lifting of trusteeships recently announced by the Teamsters Union and the reforms in this field likewise announced by the Operating Engineers attest to the effectiveness of public disclosure — and for that disclosure we give full credit to the Select Committee."

With this sort of support, it appears that there will be no need for Diogenes and his lamp. We'll have McClellan and his probers for a while longer.

Modern Point of View Offered Potato Grower

IDAHO FALLS, Idaho (AP)— The potato isn't fattening. It's the gravy. That's the word of Agriculture Department Economist Will Simmons of Washington, D.C.

Simmons urged a group of potato growers to sell that fact to the public if they wish to increase markets. He said potatoes contain much more than starch and are strong in energy and other valuable nutritional elements.

African Violet Champ Offers Growing Tips

KANSAS CITY (AP) — "You don't need a green thumb to grow African violets, you need a dirty finger."

Four years ago, Mrs. W. Keith Myers was a failure at raising this beautiful tropical plant.

This spring, her fantastic Calumet Beacon, measuring 24 inches across and filled with clusters of double blue and white flowers, took first place in the annual show of the African Violet Club of Greater Kansas City. She won 26 ribbons with 27 plants entered against hundreds of competitors.

How does one go from failure to success?

"I felt so frustrated when I saw the beautiful plants at the first show I attended three years ago," Mrs. Myers confessed. "I went to the library and got books on violets and I asked a lot of questions of other growers."

At the next show she attended, one year later, she took eight plants and won six ribbons. These winning plants were raised in windows with natural light. She still grows them this way, but also raises them in trays under fluorescent light in the basement.

What are the fundamentals of successful violet raising:

"Proper care — not casual care. Reasonable humidity. A schedule for fertilizing. Good sterilized soil. Good light."

Explaining her "dirty finger" remark, Mrs. Myers said one reason so many fail with violets is that they overwater. One of the best ways to tell when a violet needs watering, she said, is to touch the dirt with a finger. If the soil feels dry, water it. With 400 plants to care for, her finger gets quite a workout.

Housing Area Opened For Retired Ministers

SWARTHMORE, Pa. (AP)—The Presbyterian Church in the U.S.A. has established a housing project for retired Presbyterian ministers and missionaries in this suburb of Philadelphia.

The project, called Morganwood, consists of 10 small ranch - type homes, each with two bedrooms, one and one-half baths, a living-dining area, kitchen, storage space and a carport.

Already in the planning stage is a second Morganwood in Lakeland, Fla.

Don't let a high-hat souffle get you down. Even if this dish is the pride of French chefs, there's nothing to keep you from reproducing it — except your personality.

Personality? What's that got to do with making a souffle successfully? Plenty. Some cooks simply have to change recipes. But a souffle isn't like a salad. You can't tamper with its basic formula. If you do, you'll probably find this kitchen aristocrat will get temperamental and refuse to rise to its full height.

Follow a reliable souffle recipe and the dish will be docile and gentle, turning out just the way it should. This means it will puff up in a fascinating manner, and arrive at the table an airy delicate delight.

You need a thermostatically controlled oven in which to bake a souffle. It likes to be sure of its temperature as it climbs its way to fame. It may go on a sit-down strike if the heat is erratic.

You can give the creative part of your personality free rein when you plan accompaniments to a souffle. Serve this cheese souffle with creamed mushrooms, if you like, for souffles like saucy partners. Add buttered spinach, broiled tomatoes, shoestring potatoes or yams and you'll have a real blue-plate special.

Ingredients: 2 tablespoons butter or margarine, 2 tablespoons flour, ⅛ teaspoon pepper, ¼ teaspoon dry mustard, dash of cayenne, ¾ cup milk, 1 cup (¼ pound) grated sharp cheddar cheese, 3 eggs (separated), ½ teaspoon salt.

Method: Set 4 individual (about 1 cup each) casseroles in a pan about 1-3 full of hot water in the oven (325 to 350 degrees). Meanwhile melt butter in a saucepan (about 1 quart) over low heat; stir in flour, pepper, mustard and cayenne; cook until bubbly. Add milk all at once and cook and stir constantly until uniformly thickened. Stir in cheese (keeping heat very low) just until melted. Stir hot mixture vigorously into egg yolks. Add salt to egg whites; beat until stiff but not dry. Fold yolk mixture gradually into egg whites. Pour into heated casseroles. For high hats, run a teaspoon completely around mixture, holding it 1 inch from side of casserole and having it 1 inch deep. Bake until puffy, delicately browned, and a knife inserted in center comes out clean — about 45 minutes. Serve immediately. Makes 4 servings.

TEMPERAMENTAL HIGH-HAT. If your personality dictates a change in every recipe, avoid this high-hat cheese souffle. The temperamental souffle will refuse to rise if you tamper with the carefully devised formula.

Coward To Adapt Old Comedy for Stage Play

NEW YORK (AP) — Noel Coward, a master of high British comedy, is next turning his playwriting talents to adaptation of vintage French farce.

He has agreed to prepare a new version of "Occupe-toi d'Amelie" which Georges Feydeau penned in 1908 and which was last seen on Broadway in a 1952 rendition by the Barrault-Renaud troupe.

The script is being planned for Vivien Leigh in the title role.

Youth Wins Dangerous Victory in Fair Contest

OKLAHOMA CITY (AP) — John Reinert, 17, won the blue ribbon for his butterfly collection at the state fair.

He credited his girl friend, Lareeca Carpenter, with getting him interested in insects. However, John wasn't too happy about getting the blue ribbon. In winning, he edged out Lareeca, who won second place.

Radio and Television

By MARIE TORRE

Sonja Produces for TV

On taking off for Europe, Sonja Henie, known variously as Venus on Ice, Pavlova on Skates and the United States Mint, promised to return in September with something "unique" in the way of television entertainment. She didn't overstate the object of her trip.

Marie Torre

The first of four 90-minute filmed spectaculars bearing her name will be very unique in that it will cost in excess of $350,000 and take a whole summer to produce.

Even more extraordinary, all that time and money is going into a project which hasn't, as yet, snapped up a sponsor, or two, or three (many may be needed to support this glacial epic!)

Miss Henie is well heeled, of course, so she can afford to deal in uncertainties. But it was wrong of us to think she's personally financing the spectacular to be produced and directed by Allen Neuman, formerly of NBC's "Wide Wide World."

Upholding her time-honored policy not to talk publicly about money, she dismissed the subject with something about "American money in Europe," meaning that her contribution to the show will be largely her performance.

-:-

"AND THE costumes!" she promptly adds. "The $350,000 budget doesn't include the price of the costumes—for the chorus and for myself. I just happened to have them.

"Yes, they're very expensive items. Each of my costumes costs between $2,500 and $3,000. A really good outfit for a chorus member comes to about $850, but you need three sets of any one costume in case of damage during a performance."

The point Miss Henie was trying to make is that it's awfully expensive to put ice shows on television, which accounts for their rarity.

Also, who are the ice skaters with box office appeal, outside of Miss Henie: Her singular status in the ice world has been a continuing thing since 1936, when she parlayed her skating skill, her business sense, her petite blonde good looks and tidy little figure into a multimillion-dollar business.

People who know of her vast fortune sometimes ask why she doesn't retire, but she habitually cuts them short.

"I skate because I love it," she says. "I'm skating better now than ever. My legs don't get tired as they used to and I don't even breathe as heavily after a solo. The day I cease to enjoy my work is the day I quit."

-:-

NO ONE ever has been able to accuse Miss Henie of laziness. For three months prior to her departure for Europe she reported nightly to an ice rink in Madison Square Garden, where she skated from midnight until 2 a.m. to limber up for the "Sonja Henie in London" TV film.

"If the show is a success," she explains, "we'll do others in major capitals of the world.

"They'll all have a simple premise. In London, for instance, we'll engage a few of England's top stars and let them guide me through the city. We'll have a portable ice rink with us, so the skating scenes can be shot anywhere."

One aspect of the venture which pleases Miss Henie is that it will all take place in London and not necessitate the transportation of a whole company of skaters across European borders, as had to be done during her ice show tours of other years.

"I quit touring in 1956," she related. "It's really hard work, particularly in Europe. When you have as many as 200 people in a company, you invariably lose five or six skaters each time you cross a border because they either misplace their passports or leave them in the trunks that go on ahead.

"I can't tell you how many times we smuggled our skaters into countries because of lost passports. Had to. The show had to go on."

-:-

DOROTHY COLLINS' first TV appearance since welcoming the stork occurs June 29 on "The Steve Allen Show."

Tonight's "Playhouse 90" is a horseless Western called "A Town Has Turned to Dust." Director John Frankenheimer wouldn't have horses. "If actors," says Frankenheimer, "were as much of a nuisance to get organized for a performance, I'd eliminate them too."

Old shows never die, etc.: "The Brothers" will be dusted off June 29 and placed in Jack Benny's CBS spot for the summer. NBC still remains aloof to complaints about the never-ending commercials on "The Jack Paar Show," making Paar the most-interrupted man in TV captivity. It's shameful.

Ilka Chase, Joey Bishop and Danny Dayton (Dagmar's comedian-husband) will have an opportunity to test their glibness via "Keep Talking," a weekly panel show debuting on CBS July 8.

Producer David Susskind, leading exponent of "live" TV drama, has formed "Television Action Committee — New York," organized to increase and improve quality television. Good cause! Good luck!

On winning a $1,000 prize in a local New Orleans giveaway show, Frank G. Knaus, an Internal Revenue Service collector, proved himself a model employe. First thing he plans to do with the money, he says, is figure his tax and pay it.

TONIGHT

8, WBNS, Sea Hunt: Despite warnings from his friends, rugged Mike Nelson dives to investigate an underwater grotto where, according to legend, a beautiful mermaid lures men to destruction.

8:30, WLW-C, Dragnet: Friday is promoted to lieutenant and Smith is made sergeant shortly after they nail a confidence man who preys on the bereaved relatives of people who have died recently.

8:30, WTVN, The Real McCoys: Grandpa McCoy is baited into putting up Kate McCoy's pet hen in a wager that Little Luke will win an eating contest at an upcoming 4-H Club meeting.

8:30, WBNS, Climax: Portraying a woman hired to care for the child of a wealthy young real estate developer, Vera Miles stars in "House of Doubt." Co-starred are Stephen McNally, Patricia Medina, Gene Raymond and Elizabeth Patterson. As time moves on, the young woman discovers that the child's mother died under very unusual circumstance and that her own life may be in great danger.

9, WTVN, Pat Boone Show: Gale Storm is guest.

9:30, WLW-C, Ford Show: Molly Bee is Tennessee Ernie's guest.

9:30, WTVN, Navy Log: The morale of the crew of an LST, heading into battle at Okinawa, is at a low ebb because of an ancient vintage Hollywood film that no other ship will take in trade.

9:30, WBNS, Playhouse 90: Rod Steiger, William Shatner, Fay Spain, James Gregory and Mario Alcalde star in Rod Serling's drama, "A Town Has Turned to Dust." It tells of the moral disintegration of a Southwestern community in the 1870s after it deliberately frees a murderer because his victim was not accepted in the community.

10, WLW-C, Rosemary Clooney Show: Guest for the last show of the season is Rosemary's husband, Jose Ferrer.

Movies Tonight

5, WLW-C, "Rasputin and the Empress" with The Barrymores. Part One.

5, WBNS, "Under Fiesta Stars" with Gene Autry and Smiley Burnette.

Father Handles Strange Duties at Stork Shower

OKLAHOMA CITY (AP) — Mrs. Glen Curry decided to go ahead with the baby shower for Mrs. Charles Heinen even though the stork arrived a day before the time set for the party.

Standing in for the guest of honor was the father, who kept the women amused trying on the presents. "I had already ordered my cakes and ice cream and my friends told me I was silly not to go ahead with the shower," Mrs. Curry explained. The party was a complete success.

Idaho Woman Forced Into Cooking Business

POCATELLO, Idaho (AP)—Mrs. Williams S. Cook explained to police that she isn't running a restaurant.

A man broke into her house and ordered her to cook him a meal. He paid her $8 after eating the ham and eggs she prepared.

Police later arrested the man for investigation of house breaking.

Garden Is Created On Unused Button

DENVER (AP) — A button off a man's overcoat seems an unlikely setting for a formal garden. But youngsters at Children's Hospital could tell you a thing or two about that.

Every year 50 bedfast children at the hospital delightedly receive miniature gardens, built on large buttons, from a little widow, Mrs. Ora Kehn.

She has been enchanting sick youngsters this way for 13 years. Each tiny button garden has miniature figures, bits of living plant life, pea-sized seashells, thumbnail acorns. Each is different from the others.

Mrs. Kehn is lame from a hip injury and has had arthritis for years, but she forgets all this as each year she turns her kitchen table into a workbench for more of the dainty gardens-on-buttons.

Friends and relatives help her with materials. One in Massachusetts sends acorns to her, another in Hawaii mails seashells.

Plants, figurines, shell and the rest are fastened firmly to the button base with airplane glue. Enraptured boys and girls water their gardens daily with an eye-dropper and sometimes keep the plants green for months.

New Dean & Barry house paint with Poly-Lin looks smoother, looks glossier, looks better longer! And this means the most beautiful paint job you've ever seen, the most durable paint job your dollars can buy.

Here's why: *Poly-Lin* is the 100% pure polymerized linseed oil that gives Dean & Barry house paint extra smoothness, extra gloss, extra strength and toughness all the way through. No thinned-out places to prematurely weather and wear. No unsightly brush marks to spoil appearance. Dust and dirt wash off easily from the smooth, higher gloss finish. Paint jobs look better, last much longer to save important dollars for you.

No extra cost — meaning you benefit, too, because you pay nothing extra for the superior beauty and durability the new *Poly-Lin* blend gives. So why pay more — why take less? See us today, or have your painter-decorator come in.

only $6.80 per gal.

LEGAL NOTICE

Bids for the improvement of Underwood Avenue by the construction of a concrete curb and gutter and substantial pavement from Woodrow Avenue to the City Limits.

Sealed bids for the improvement of Underwood Avenue by the construction of a concrete curb and gutter and substantial pavement from Woodrow Avenue to the City Limits, as per Engineer's specifications, will be received by the Safety Service Director of the City of Marion at his office in the Municipal Building on Delaware Avenue until 12:00 o'clock noon, on Thursday the 26th day of June, 1958, and at that time and place will be publicly opened, read and tabulated.

Copies of the advertisement, information for bidders, estimated quantities, contracts, specifications and performance bond are on file in the office of the City Engineer and available for inspection by prospective bidders. Payment in the amount of five ($5.00) dollars will be required for each set of plans and specifications taken from the office. Check in payment of plans and specifications shall be made payable to The City of Marion, Ohio. The full amount of deposit for plans and specifications will be refunded upon return of same in good condition within thirty (30) days of the bid opening date.

Each bid must contain the full name of every person or company interested in the same and be accompanied by a certified check on some solvent bank in the sum of $100.00, made payable to the order of the Safety Service Director of the City of Marion, Ohio, as a guarantee that, if the bid is accepted, a contract will be entered into and its performance be properly secured. The check shall be forfeited if the said bidder fails to enter into a contract with the City of Marion, Ohio, and to furnish the required bond within the fifteen days after notice of acceptance of his bid. Bidders are required to use the printed forms which will be furnished upon application.

The amounts bid for labor and materials must be entered separately and bids must be submitted in sealed envelopes plainly marked "BIDS FOR THE IMPROVEMENT OF UNDERWOOD AVENUE."

A performance bond of 100% of the amount of contract with a satisfactory corporate surety, will be required for the faithful performance of the work.

Should any bid be rejected, the accompanying check will be returned to the bidder forthwith and should any bid be accepted, the check will be returned upon the proper execution and securing the contract.

The right is reserved by the City

REX MORGAN, M.D. By Dal Curtis

IT JUST DOESN'T SEEM POSSIBLE THAT MARTHA'S WELL AGAIN, REX!
I WAS WITH HER LESS THAN AN HOUR AGO, BRUCE!
HOW IS THIS POSSIBLE? I HAD GIVEN UP ALL HOPE! WHEN MAY I SEE MARTHA?
TOMORROW...IF YOU WISH! DR. SHELBY AND I BOTH FEEL THAT IT WOULD BE WISE IF YOU WERE TO TAKE MARTHA HOME ON TRIAL WITHIN A WEEK!
PLEASE DON'T MISUNDERSTAND, REX! THERE'S NOTHING I WANT MORE THAN TO HAVE MARTHA BACK.....BUT THERE ARE SO MANY THINGS TO BE DONE...PLANS TO BE MADE!
MY DAUGHTER IS TO BE MARRIED IN TWO WEEKS! WOULDN'T IT BE BETTER TO WAIT UNTIL AFTER THE WEDDING?
I DON'T THINK SO, BRUCE!

STEVE CANYON By Milton Caniff

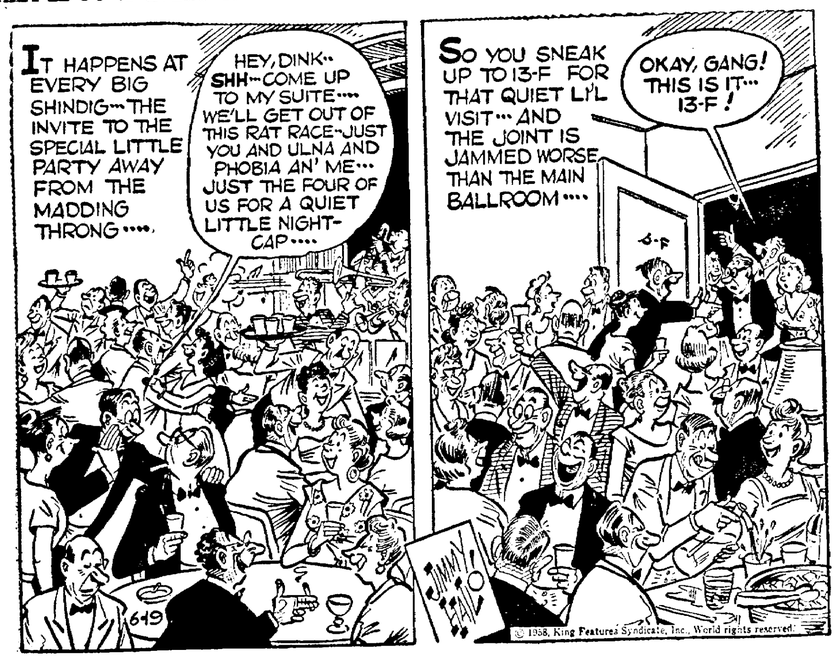
NANCY, DID POTEET GET HOME OKAY? THE HELICOPTER CREWS WATCHED HER AS FAR AS THE EDGE OF TOWN!
YES-SHE'S SLEEPING, STEVE! HAVEN'T YOU PUNISHED HER ENOUGH?!
I'M NOT PUNISHING HER! SHE QUIT THE POLO TEAM IN A HUFF! -WHEN I TRIED TO PHONE HER SHE WOULDN'T TALK TO ME..
THIS WILD-EYED JEALOUSY WILL ALWAYS GET HER INTO TROUBLE UNLESS SHE CURBS IT HERSELF...
WHAT WOULD SHE DO IF YOU GOT MARRIED?
NOT MUCH DANGER OF THAT!
THAT'S WHAT I WAS AFR--
--UH-IT LOOKS AS IF WE'LL HAVE GOOD WEATHER FOR THE POLO MATCH!
CANIFF

THEY'LL DO IT EVERY TIME By Jimmy Hatlo



IT HAPPENS AT EVERY BIG SHINDIG--THE INVITE TO THE SPECIAL LITTLE PARTY AWAY FROM THE MADDING THRONG.....
HEY, DINK--SHH--COME UP TO MY SUITE.... WE'LL GET OUT OF THIS RAT RACE--JUST YOU AND ULNA AND PHOBIA AN' ME--JUST THE FOUR OF US FOR A QUIET LITTLE NIGHT-CAP.....
SO YOU SNEAK UP TO 13-F FOR THAT QUIET LI'L VISIT--AND THE JOINT IS JAMMED WORSE THAN THE MAIN BALLROOM.....
OKAY, GANG! THIS IS IT--13-F!

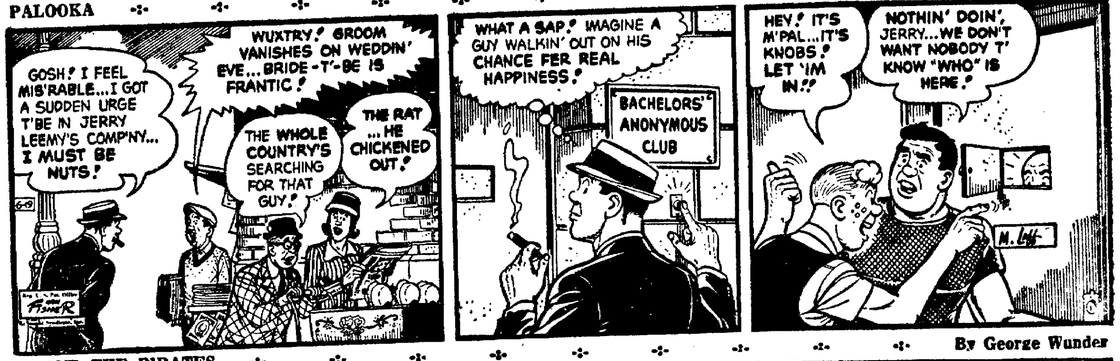
GASOLINE ALLEY By Frank King

I'll tell you, Skeezix-- let's toss up a quarter to see which way we start on our trip.
That's no good. There are only two sides to a coin, and there are four directions.
Another idea! Chipper, shoot your arrow into the air. The way it points when it lands--that's it.
Okay, Pop.
China!

JOE PALOOKA By Ham Fisher



GOSH! I FEEL MIS'RABLE...I GOT A SUDDEN URGE T'BE IN JERRY LEEMY'S COMP'NY... I MUST BE NUTS!
WUXTRY! GROOM VANISHES ON WEDDIN' EVE...BRIDE-T'-BE IS FRANTIC!
THE WHOLE COUNTRY'S SEARCHING FOR THAT GUY!
THE RAT ...HE CHICKENED OUT!
WHAT A SAP! IMAGINE A GUY WALKIN' OUT ON HIS CHANCE FER REAL HAPPINESS!
BACHELORS' ANONYMOUS CLUB
HEY! IT'S M'PAL...IT'S KNOBS! LET 'IM IN!!
NOTHIN' DOIN', JERRY...WE DON'T WANT NOBODY T' KNOW "WHO" IS HERE!

WHEN BLOOD STARTS TO SEEP UNDER THE MAJOR'S DOOR, JUST CALL THE MEAT WAGON, WILL YOU, PAPPY?
OUR KINDLY OLD SQUADRON COMMANDER DOES SEEM ANNOYED AT RAMM.
HECK, RAMM JUST TRIED TO PULL A GRANDSTAND STUNT. HE AIN'T THE FIRST FLY-BOY TO...
PAPPY, RAMM AVOIDED AN ORDER. TO A HARD HAT LIKE LEE, THAT'S JUST AS BAD AS DISOBEYING ONE.
Y'KNOW, SARGE, THEY SAY LEE USED TO BE AN EASY JOE BEFORE HE TOOK OVER THIS OUTFIT. WHA' HOPPEN'? BRASS POISONING?
WORSE, PAPPY--A DAME!

RIP KIRBY By John Prentice

TAP, WHAT ARE YOU GOING TO DO? YOUR UNCLE MUST HAVE CALLED RIP KIRBY BECAUSE HE'S SUSPICIOUS OF YOU...
STINGY OLD BUZZARD! I KNOW HE HAS MONEY HIDDEN IN THIS HOUSE, AND I'M GOING TO FIND IT...
BUT I'VE GOT TO HAVE TIME! IT'S A BIG OLD BARN AND WE ONLY CAME TO VISIT A WEEK AGO...
I DON'T SEE HOW YOU CAN GET ANY EXTRA TIME WITH KIRBY COMING TOMORROW.
I'VE GOT AN IDEA. KIRBY WON'T KNOW IT BUT WE'RE GOING TO LET HIM HELP US...
JOHN PRENTICE 6-19
